DREER'S QUARTERLY Wholesale Price List

January-March, 1895.

In submitting the Winter Edition of our Wholesale Price List it gives us much pleasure to return our thanks for the very liberal patronage accorded us during the past season, and in soliciting your orders for the present year we beg to assure you of our continued and unceasing efforts to give the utmost satisfaction, and to maintain the high reputation that we have so long enjoyed for supplying only the best strains of Vegetable and Flower Seeds at reasonable prices.

Our prices this year are as low as they can be made consistent with the quality of the goods we offer, and are in sympathy with the prevailing depression in all classes of merchandise.

LOW EXPRESS RATES ON PLANTS.

We are shipping by all express lines to any part of the country, plants packed in closed boxes at a reduction of 20 per cent. from regular rates of merchandise. Boxes weighing less than 100 pounds are charged at pound rates, minimum charge not less than 35 cents. For example: where the general rate is \$5.00 per 100 pounds, a box weighing 20 pounds will be carried for 80 cents. Prepaid 4 pound packages of seeds, plants and bulbs are carried to California and all distant points for 30 cents each.

TERMS OF BUSINESS.

☞ Unknown correspondents desiring to open an account will please furnish satisfactory reference, otherwise cash must accompany order.

☞ Remittances should be made by Post Office Money Orders, Drafts on New York or Philadelphia banks, or Express Money Orders. Where it is not possible to obtain these, the letter should be registered. We cannot guarantee receipt of money sent in any other way.

☞ Perishable goods desired C. O. D. must be accompanied by a partial remittance to guarantee acceptance.

☞ Unless otherwise specified, purchases between January 1st and June 30th are due and payable July 1st following. Purchases between July 1st and December 31st are due and payable January 1st following.

☞ No charge is made for boxes or packing, nor for delivery to Freight Depots or Express Offices.

☞ In filling out your order, always give SHIPPING DIRECTIONS, and write NAME and ADDRESS DISTINCTLY.

Specialties in Vegetable Seeds.

COLUMBIAN MAMMOTH WHITE ASPARAGUS.

Columbian Mammoth White Asparagus.

An entirely new and magnificent variety of asparagus, which is sure to be in great demand because it furnishes *white shoots* which *stay white* as long as fit for use, without earthing up or any other artificial blanching, and because it can be absolutely depended on to give 80 to 90 per cent. of white plants from seed. This grand novelty has been brought to its present state of perfection by one of the largest and most experienced growers of asparagus in this country, by many years of careful selection from a single plant found in one of his fields of Conover's Colossal. To-day he has a field of the Columbian Mammoth White from which he sells the product to a canning factory, that allows him over 20 per cent. more for it than for any other kind grown for them. There is no question but this is the greatest advance in asparagus improvement since the introduction of the Conover's Colossal.

Oz. 20 cts.; $\frac{1}{4}$ lb. 50 cts.; 1 lb. \$1.50.

Early Eclipse Beet.

Of rapid growth, small top and fine quality, as early as the Egyptian, but larger and of better quality, skin and flesh intense red.

Lb. 50 cts.; 10 lbs. \$4.50; bus. \$8.00.

Early Egyptian Turnip Beet.

A standard sort and one of the earliest in cultivation, color rich deep crimson, excellent both for sowing in the open ground and for forcing. From the smallness of the tops at least one-fourth more can be grown on the same space than any other variety.

Lb. 40 cts.; 10 lbs. \$3.50.

Crosby's Egyptian Beet.

An improved strain of the Egyptian Beet in great repute in the Boston market. It is much thicker than the original strain, quite as early, of better color and quality, besides being smoother.

Oz. 10 cts.; $\frac{1}{4}$ lb. 25 cts.; lb. 75 cts.

Bastian's Extra Early

Blood Turnip Beet.

The perfection of a Beet for the market gardener and family use; very early, of quick, large growth, fine turnip form and bright red color, a good forcing variety. Lb. 40 cts.; per bus. \$5.00.

Lentz's Extra Early Turnip Beet.

A popular variety with the market gardeners. About as early as the Egyptian, producing a crop in six weeks from the time of planting. In size and shape it is similar to the Bastian.

Lb. 50 cts.; per bus. \$6.00.

Bastian's Half Long Beet.

A valuable second crop variety of excellent quality, color bright red. A good keeper and one of the best fall and winter beets.

Lb. 40 cts.; per bus. \$5 00.

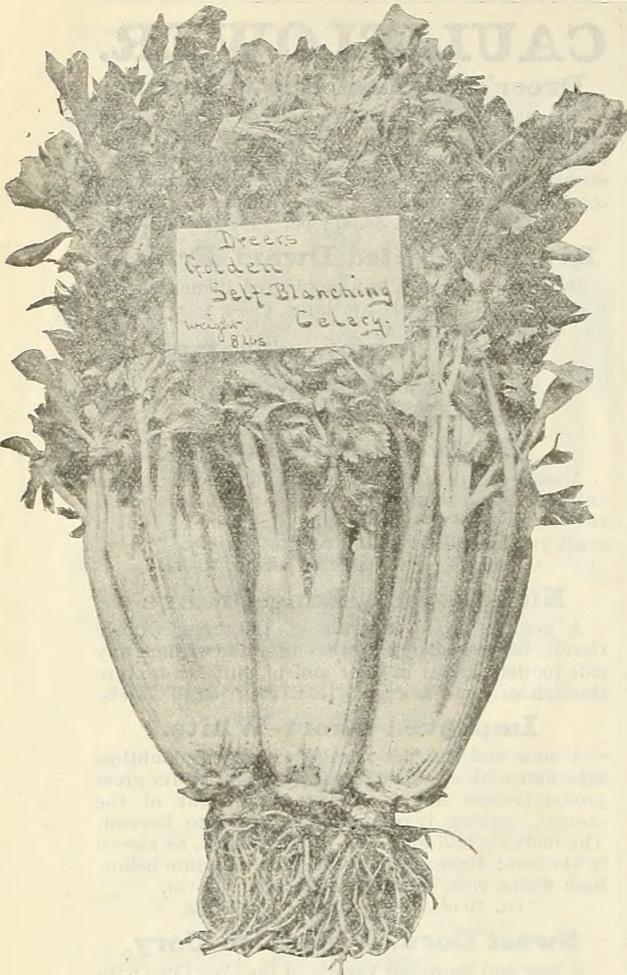

Dreer's Bush Lima Bean.

This valuable dwarf variety of our Improved Lima Pole Bean is increasing in popularity as it becomes more widely known. It is a true bush Lima, growing from $1\frac{1}{2}$ to 2 feet high and producing pods in great abundance. The beans grow close together as shown in our illustration, producing three or four, and sometimes five beans in a pod. The beans are short and thick, similar to the Dreer's Improved Pole Lima, and are equal in tenderness and quality to that choice variety, which is regarded as the sweetest and most desirable sort for cooking and table use. Quart 40 cts.; peck \$2.75; bus. \$9.00.

Burpee's Bush Lima Bean.

A bush form of the Large Lima Bean. The permanency of this strain appears to have been fixed from its origin, as successive crops have developed and perpetuated the dwarf form without variation.

Quart. 40 cts.; peck \$2.50; bus. \$8.00.

CELERY.

Golden Self-Blanching.

This valuable Celery is without doubt the best for early market use. Growers having found it very profitable, are using it largely in preference to other sorts. It is of fine dwarf form, rapid growth, rich golden yellow color, of superior flavor and excellent keeping quality.

Oz. 30 cts.; $\frac{1}{4}$ lb. 80 cts.; lb. \$3.00.

White Plume.

We offer a choice selected strain of this valuable and popular variety. The White Plume is unsurpassed for fall and early winter use, requiring very little earthing up to blanch it.

Oz. 25 cts.; $\frac{1}{4}$ lb. 75 cts.; lb. \$2.50.

Voutier's Selected Golden Heart

This is a choice strain from the Golden Heart, selected by the well-known and successful market gardener, Chas. Voutier. The stalks are very large and full, quality of the best;

Oz. 25 cts.; $\frac{1}{4}$ lb. 75 cts.; lb. \$2.50.

Dilks' Many-Hearted.

This very fine half-dwarf Celery has been perfected by Mr. G. W. Dilks, one of our noted Philadelphia market gardeners. It is distinct in appearance, being stouter, thicker and heavier near the roots than any other variety. It is also an excellent keeper, having been offered in the markets as late as May.

Oz. 30 cts.; $\frac{1}{4}$ lb. \$1.00; lb. \$3.50.

CUCUMBER.

Bennett's Improved Early White Spine.

This favorite market variety, largely used for forcing and extensively grown South for shipping North early in the season; of medium to large size, deep green, crisp, fine flavor, and very productive.

Oz. 10 cts.; $\frac{1}{4}$ lb. 25 cts.; per lb. 70 cts.

Arlington White Spine.

A strain of White Spine which has been improved through careful selection, with a view to use for forcing in hot-houses and frames. Our stock produces handsome, dark colored fruits, which retain their color longer than other sorts.

Oz. 20 cts.; $\frac{1}{4}$ lb. 40 cts.; per lb. \$1.50.

Thorburn's Everbearing.

The merit of this variety is that the vines continue to flower and produce fruit in every stage of growth until killed by frost. It is of small size, very early, and enormously productive.

Oz. 10 cts.; $\frac{1}{4}$ lb. 20 cts.; lb. 60 cts.

EGG-PLANT.

New York Improved Large Purple. The leading market variety; large, round, dark purple, free of thorns, excellent and the most productive variety.

Oz. 30 cts.; $\frac{1}{4}$ lb. \$1.00; lb. \$3.50.

SILVER BALL.

Lettuce.

Boston Market. (*White Seeded*). Hardy and crisp; the earliest heading variety; one of the best for forcing. Oz. 15 cts.; $\frac{1}{4}$ lb. 35 cts.; lb. \$1.00.

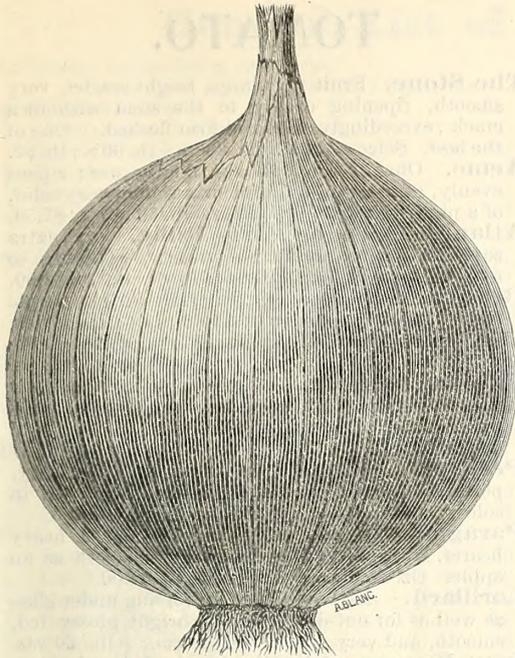

Hittinger's Belmont Forcing. An improvement on the Boston Market, larger in size, with well formed heads of remarkably crisp and tender quality. Oz. 15 cts.; $\frac{1}{4}$ lb. 40 cts.; lb. \$1.50.

Black Seeded Tennisball. A favorite forcing variety. Forms a close, hard head, with few outer leaves. Oz. 15 cts.; $\frac{1}{4}$ lb. 35 cts.; lb. \$1.00.

Early Dutch Butter, Spotted. Producing fine large heads of excellent quality, and one of the best forcing and market sorts; also stands the heat well in the summer. Oz. 15 cts.; $\frac{1}{4}$ lb. 40 cts.; lb. \$1.50.

Philadelphia Cabbage, or White Butter. A favorite for sowing in the fall; nearly hardy, requires only a slight protection; produces fine, well-formed heads. Oz. 15 cts.; $\frac{1}{4}$ lb. 35 cts.; lb. \$1.00.

Silver Ball. This is one of the best all the year round lettuce we know of. It is an excellent variety, as well for early spring and summer use as for winter forcing. Oz. 15 cts.; $\frac{1}{4}$ lb. 40 cts.; lb. \$1.50.

ONIONS.

Philadelphia White or Silver Skin. The leading variety of White Onion, extensively grown for pickling, very early and mild flavored, it produces fine onions from seed. Oz. 25 cts.; $\frac{1}{4}$ lb. 75 cts.; lb. \$2.25; 5 lbs. \$10.00.

Philadelphia Yellow Strasburg or Dutch. This variety is largely grown for sets. It is a good keeper and well flavored, bright straw colored skin. Oz. 15 cts.; $\frac{1}{4}$ lb. 50 cts.; lb. \$1.40; 5 lbs. \$6.25.

Philadelphia Yellow Globe Danvers. This is the standard yellow Onion of our markets. A large globe-shaped onion, of mild flavor and attractive color. It is a good keeper and very productive. Oz. 15 cts.; $\frac{1}{4}$ lb. 50 cts.; lb. \$1.40; 5 lbs. \$6.25.

Southport Yellow Globe. A very large handsome, globular shaped, yellow variety, very productive, of mild flavor, excellent keeper. Oz. 15 cts.; $\frac{1}{4}$ lb. 50 cts.; lb. \$1.40.

Southport White Globe. Pure white color, mild flavor, and equally as good for keeping as the yellow sort. Oz. 25 cts.; $\frac{1}{4}$ lb. 75 cts.; lb. \$2.25.

Southport Red Globe. Similar in shape and size to the Southport Yellow Globe, but ripens somewhat later. It is a splendid keeper, and in quality is superior to most other red varieties. Oz. 15 cts.; $\frac{1}{4}$ lb. 50 cts.; lb. \$1.50.

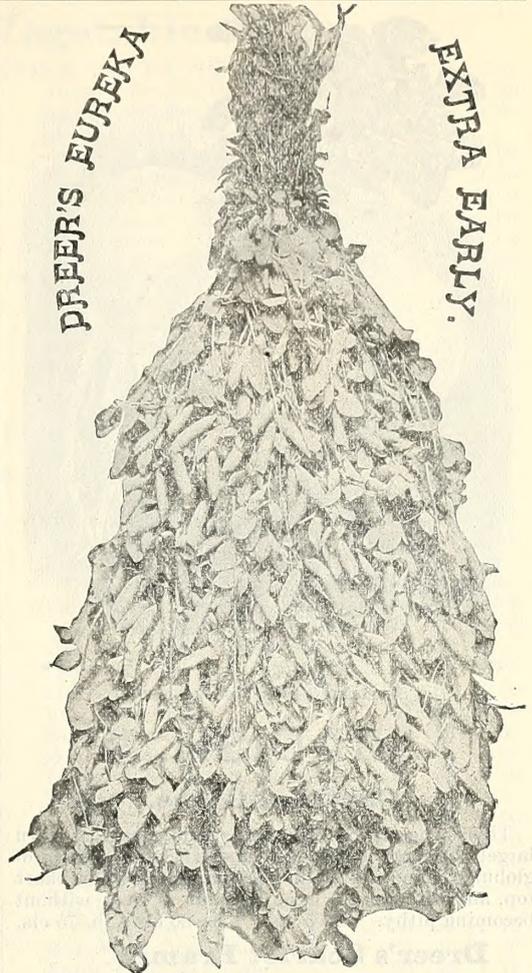

Large Red Wethersfield. A leading variety in the Eastern States; it grows to full size the first season from seed, almost round, large size, deep red color, and keeps well. Oz. 15 cts.; $\frac{1}{4}$ lb. 50 cts.; lb. \$1.50.

Prize Taker. This is the large pale yellow Onion that is offered for sale in the fruit stores and markets in the fall. It grows to a very large size, often 12 to 14 inches in circumference; flesh white, of mild and delicate flavor. Oz. 20 cts.; $\frac{1}{4}$ lb. 60 cts.; lb. \$2.00.

PEAS.

Dreer's Eureka Extra Early. The earliest and most productive pea. We have repeatedly tested our claim for its earliness on our trial grounds, in comparison with other leading early varieties. It has never been less than four, and frequently more than ten days earlier. In habit, quality, purity and productiveness, it is the most desirable sort. For the market gardener they lack no important feature. It grows twenty inches high, and free from runners. The crop can be gathered in two pickings. Qt. 20 cts.; pk. \$1.00; bus. \$4.00.

American Wonder. The earliest wrinkled variety in cultivation; in productiveness, flavor and quality, it is unsurpassed. Qt. 35 cts.; peck, \$1.75; bus. \$6.00.

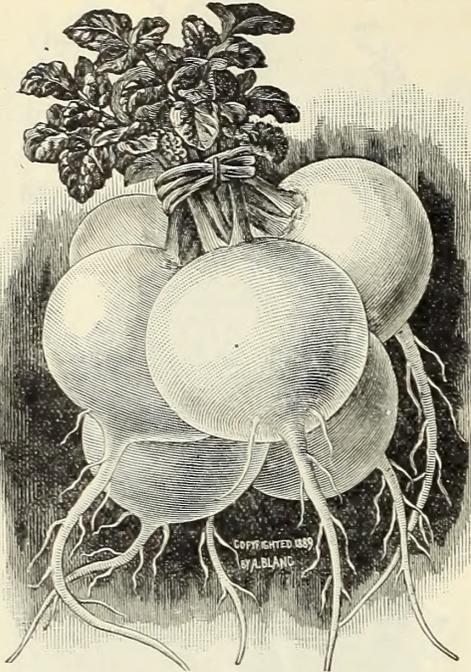

Extra Early Premium Gem. A fine flavored dwarf, wrinkled variety, an improvement on the Little Gem; pods long, dark green and prolific. Qt. 25 cts; peck, \$1.25; bus. \$4.75.

Little Gem. A dwarf first early, green-wrinkled marrow, very prolific, and of superior flavor. Qt. 25 cts.; peck, \$1.25; bus. \$4.50.

Advancer. A fine early market variety, prolific, well-filled long pods, tender and of delicious flavor. Qt. 25 cts.; peck, \$1.00; bus. \$4.00.

Heroine. A medium early green wrinkled pea, and one of the best of recent introduction; large, recurved, showy pods; an immense cropper; peas of finest quality; height 2 to 2 $\frac{1}{2}$ ft. Qt. 30 cts.; peck \$1.60; bus. \$6.00.

TOMATO.

SELECTED WHITE BOX RADISH.

RADISH.

Cardinal Globe.

This is the very best forcing variety and is sown largely by market gardeners and truckers. It is of globular shape and brilliant cardinal red color, short top, and will stand a large amount of heat without becoming pithy. Oz. 5 cts.; $\frac{1}{4}$ lb. 20 cts.; lb. 75 cts.

Dreer's Scarlet Frame.

One of the earliest and best of the Turnip varieties for forcing; very short leaved; small top, color of skin dark red, white-fleshed, with very small tap root. Oz. 5 cts.; $\frac{1}{4}$ lb. 20 cts.; lb. 75 cts.

White-Tipped Scarlet Gem.

A new and excellent variety for forcing, with very short leaves, bright scarlet, with a clearly defined white tip, giving it a very attractive appearance when bunched for market. It is a quick grower, tender and crisp. Oz. 10 cts.; $\frac{1}{4}$ lb. 25 cts.; lb. 75 cts.

Zitter's Selected White Box Radish.

A perfectly round, white variety, free from any sharpness or bitterness, and the quickest of the white sorts. Oz. 10 cts.; $\frac{1}{4}$ lb. 25 cts.; lb. 75 cts.

Philadelphia Half Long Scarlet Short Top.

A great improvement on the old Long Scarlet, being earlier and more desirable. Oz. 5 cts.; $\frac{1}{4}$ lb. 20 cts.; lb. 60 cts.

Parsley, Half Curled.

This variety is largely grown by the market gardeners. The plant is of dwarf habit, with dark green leaves, fine cut and beautifully curled. Oz. 10 cts.; $\frac{1}{4}$ lb. 20 cts.; lb. 60 cts.

The Stone. Fruit very large, bright scarlet, very smooth, ripening evenly to the stem without a crack; exceedingly solid and firm fleshed. One of the best. Selected seed. Oz. 20 cts.; $\frac{1}{4}$ lb. 60 cts.; lb. \$2.

Acme. One of the best for family use; ripens evenly, of medium uniform size, round, very solid, of a pinkish color. Oz. 15 cts.; $\frac{1}{4}$ lb. 50 cts.; lb. \$1.50.

Atlantic Prize, or Early Ruby. An extra early and very productive variety, valuable to market growers. Oz. 20 cts.; $\frac{1}{4}$ lb. 60 cts.; lb. \$2.00.

Beauty. Rich glossy crimson with a slight purple tinge; grows in clusters of 4 to 5; is of large size, very smooth and solid. Oz. 15 cts.; $\frac{1}{4}$ lb. 50 cts.; lb. \$1.75.

Favorite. One of the largest and most perfect-shaped varieties, ripens evenly and early; very prolific, good flavor, flesh solid. Oz. 15 cts.; $\frac{1}{4}$ lb. 50 cts.; lb. \$1.75.

Perfection. Larger than Acme, fully as early, perfectly smooth, solid, almost round, deep red in color. Oz. 15 cts.; $\frac{1}{4}$ lb. 50 cts.; lb. \$1.75.

Paragon. A fine early variety and a heavy bearer, fruit of large size, solid and smooth as an apple. Oz. 20 cts.; $\frac{1}{4}$ lb. 60 cts.; lb. \$2.00.

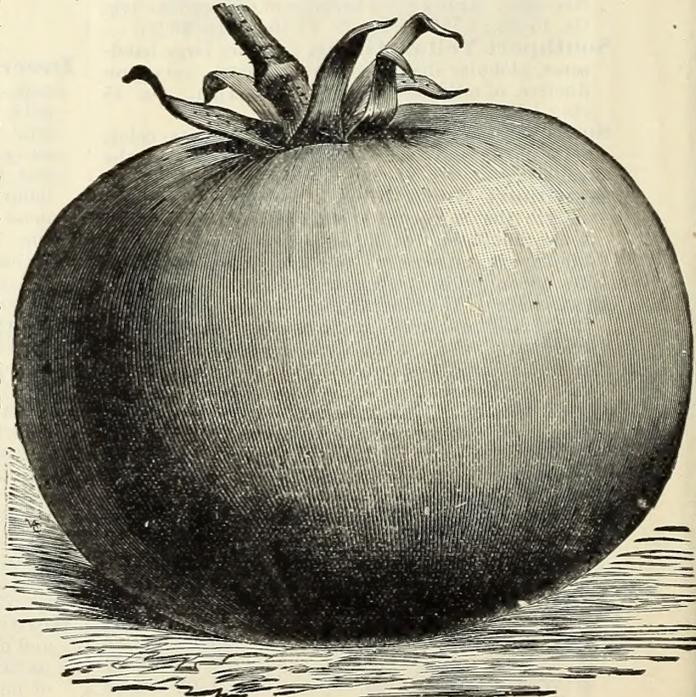

Lorillard. A splendid sort for forcing under glass as well as for out-door culture; bright glossy red, smooth, and very early. Oz. 20 cts.; $\frac{1}{4}$ lb. 60 cts.

Long Keeper. Of medium size and shapely form, remarkably solid and a long keeper; of a deep pink color. Oz. 20 cts.; $\frac{1}{4}$ lb. 60 cts.; lb. \$2.00.

Dwarf Champion. An early and distinct variety, coming rapidly to maturity; medium in size; plant of dwarf and compact growth. Oz. 22 cts.; $\frac{1}{4}$ lb. 60 cts.; lb. \$2.00.

Horsford's Prelude. Bright crimson, round, smooth; growing in clusters; first class sort to grow under glass or out of doors; very early. Oz. 25 cts.; $\frac{1}{4}$ lb. 75 cts.; lb. \$2.50.

Igotum. Excellent for family or market use; very prolific; the earliest of the large, deep red, smooth varieties, heavy and solid. Oz. 20 cts.; $\frac{1}{4}$ lb. 60 cts.; lb. \$2.00.

FLOWER SEEDS.

We give close attention to the Flower Seed department of our business, which is probably the largest in quantity and variety in this country.

Our constant aim is to procure the very best strains obtainable, both of home and foreign growth, and we spare no pains or expense with this object in view. We call especial attention to our choice strains of Asters, Cineraria, Calceolaria, Gloxinia, Pansy, Petunia, Primula and Verbena, which are acknowledged by leading growers to be superior in all respects. Our trade packets contain a liberal supply; where smaller quantities are wanted, buyers can select from retail catalogue at a discount of one-third, excepting Novelties, on which we can allow only 25 per cent.

IMPROVED PEONY FLOWERED ASTER.

VICK'S BRANCHING ASTER.

DREER'S SUPERB ASTERS.

We regret to report again this year a shortage in crops of flower seeds, due to the unfavorable weather of last summer. This is notably the case with Asters and Nasturtiums, the foreign crop of Aster seed being almost a complete failure, so much so that we are only able to offer in limited quantities of most varieties.

We have been fortunate in securing a good supply of home grown seed of the branching Asters, Vick's White and Semple's Pink and White, which are being largely used by florists.

Pure White Asters.

Vick's Branching White Aster.

This new variety will prove of value to the flower trade. The flowers are pure white, of good size, borne on long stems with broad, long petals. It continues to grow and bloom later in the season than other varieties. Trade pkt. 30 cts.; ¼ oz. \$1.00; oz. \$3.50.

Semple's Branching Asters.

A choice strain of American grown Asters which have been brought by careful selection to a high degree of excellence. The plants are of branching habit, producing on long stems flowers of perfect form, from 4 to 6 inches in diameter. Pink and White mixed. Trade pkt. 30 cts.; ¼ oz. 75 cts.; oz. \$2.50.

Mignon, Pure White. This beautiful variety is one of the finest for cutting; it resembles the Victoria in form and habit, but is smaller and more free-flowering. Trade pkt. 50 cts.; ¼ oz. \$1.50; oz. \$6.00.

Dwarf White Queen. A beautiful new class of large-flowering Asters of dwarf habit; bearing profusely full double imbricated flowers of great beauty. Trade pkt. 50 cts.; ¼ oz. \$1.00; oz. \$4.00.

Queen of the Market.

This class is characterized by extreme earliness, producing flowers in great profusion on long stalks fully three weeks earlier than other Asters.

	Trade pkt.	¼ oz.	Per oz.
Pure White.....	30	50	1 50
Mixed.....	30	35	1 25

Truffaut's Perfection, Pæony-Flowered.

One of the most desirable for florists; very double, large, and finely shaped, the petals beautifully incurved. 1½ ft.

CASSIA CHAMÆCRISTA.

PARTRIDGE SENSITIVE PEA.

This is one of our native annuals which has been strangely neglected in view of its beauty and interesting qualities. The plant, raised from the seed, grows from 12 to 18 inches in height, with compound leaves, each having from 8 to 12 pairs of leaflets, which, like those of Mimosa pudica, are sensitive to touch, drooping and folding together. The flowers are large, an inch and a quarter in diameter, of a canary yellow, two of the petals being purple spotted at the base. They are borne on stems from two to five in a cluster and are produced freely until destroyed by frost. Trade pkt. 25 cts.; per oz. \$2.00; retail pkts. 10 cts. each; per 100 \$6.00.

Marguerite Carnations.

This beautiful new race of Carnation has attracted great interest, and claimed the admiration of all who have grown it since its introduction. Its rapid development, flowering as it does four months after sowing the seed, its profusion of bloom, variety of beautiful colors and delicious perfume will insure its popularity in all gardens where cut flowers are in demand.

Plants for Florists.

NEW
DWARF ALLAMANDA.

Allamanda Williamsii.

This handsome variety is entirely distinct from all others, being quite dwarf and in no way resembling a climber, but forming a compact bush with trusses of bloom at every point, and having from two to four expanded blooms on each extremity at the same time and buds innumerable. It continues flowering the whole summer, and, with proper management, in the winter also. The flowers are from $3\frac{1}{2}$ to $4\frac{1}{2}$ inches in diameter, of a very rich yet delicate tint of yellow, and are deliciously scented. Good young plants, 35 cents each.

Achillea Serrata Plena.

(The Pearl.)

A decided improvement over the old double white Achillea, and most useful plant for summer cut flowers; flowers pure white, perfectly hardy.

Field grown clumps \$1.25 per dozen, \$10.00 per 100; $2\frac{1}{4}$ inch pots ready March 1st, \$4.00 per 100.

Akebia Quinata.

One of the most hardy climbing plants, bearing in early spring a profusion of fragrant, violet brown flowers.

$2\frac{1}{4}$ inch pots, 60 cts. per doz.;	\$5.00 per 100.
3 " " 1.00 "	8.00 "
4 " " 1.25 "	10.00 "

Anemone Japonica.

One of the most desirable, hardy herbaceous plants. As a cut flower we consider the Anemone invaluable. **Alba.** Pure white, with yellow centre and dark eye. Very free bloomer.

Rosea. Dark rose, shaded pink, yellow centre, dark eye. Strong plants, 3 inch pots, \$1.00 per doz.; \$8.00 per 100.

Anemone Whirlwind.

A new semi-double form of Anemone Japonica Alba which is supposed to be a cross between this beautiful variety and a Japonica Rosea. In general style and habit it is identical with the white Anemone. It is of the same strong habit of growth, and is even more free-flowing than the original type. The flowers, which are $2\frac{1}{2}$ to 3 inches across, have several rows of pure white sepals, and the advantages of lasting much longer than the single varieties.

Strong pot grown plants from four inch pots, \$1.00 per doz.; \$8.00 per \$100.

Acalypha Macafeana.

This plant is certain to become popular when its fine bedding qualities become better known. It is especially valuable for use in connection with Crotons and other foliage plants.

We have a large stock in 2½ inch pots at 75 cts. per doz.; \$6.00 per 100. 3 inch pots, \$1.00 per doz.; \$8.00 per 100.

Amaryllis.

	Per doz.	Per 100.

Johnsni. Scarlet, striped white. We have a large stock of this handsome Amaryllis.
\$3.50 per doz.; \$25.00 per 100.

Ampelopsis Veitchii.

This is without question one of the very best climbing plants for covering brick or stone walls. The leaves are small on young plants, which at first are of an olive-green brown color, changing to bright scarlet in the autumn.

	Per doz.	Per 100.
Strong 1 year old plants, 3 inch pots,	\$1.25	\$8 00

Anthemis Tinctoria.

A hardy golden marguerite producing single yellow flowers during the entire summer; very useful for cutting purposes and perfectly hardy.

2½ inch pots, 60 cts. per doz.; \$4.00 per 100.

Anthemis Tinctoria Kelwayii.

A much improved form of the above with much larger flowers. \$1.00 per doz.; \$8.00 per 100.

Anthemis Coronaria fl. pl.

We have a fine stock of this useful pot variety. 2½ inch pots, \$1.00 per doz., \$8.00 per 100.

Ardisia Crispa.

We have fine lots of this most useful plant for holiday use in fine young stock for growing on.

2½ inch pots,	75 cts per doz.;	\$6.00 per 100.
3 " " "	1.25 " "	10.00 " "
4 " " "	that will fruit the coming season,	\$3.50 per dozen.
5 " " "	that will fruit the coming season,	\$5.00 per dozen.

Aristolochia Sippo.

(DUTCHMAN'S PIPE VINE.)

We offer an extra fine stock of this most useful hardy climber in extra strong long vines. \$4.00 per doz.; \$30.00 per 100.

Araucaria Excelsa.

This plant is becoming more popular every season, the demand during the past fall having been exceptionally strong. We have still a fine large stock to offer in the following sizes:

6 inch pots,	16 to 18 inches high,	4 tiers,	\$1.50 each.
7 " " "	30 " 36 " "	5 " "	4.00 " "
8 " " "	36 " 42 " "	6 to 7 " "	5.00 " "

Araucaria Excelsa Glauca.

A limited stock of this beautiful variety. 6 inch pots, about 12 to 15 inches high, 3 tiers, \$3.00 to \$3.50 each; 8 inch pots, about 30 to 36 inches high, 5 to 6 tiers, at \$6.00 to \$7.50 each.

Araucaria Cookii.

We offer a pair of beautiful perfect specimens 40 inches high, 5 tiers, at \$15.00 each.

Araucaria Joseph Napoleon Bauman.

We offer a pair of this rare variety, 18 inches high, with three tiers, at \$10.00 each.

Asparagus Plumosus Nanus.

We offer a grand stock of this popular and useful plant. This stock must not be confounded with old divided clumps offered at very low prices; all are seedling plants and are as much superior to divided clumps as a seedling smilax is to an old divided stool.

2½ inch pots,	\$1.00 per doz.;	\$8.00 per 100;	\$70.00 per 100.
3 inch pots,	\$1.25 per doz.;	\$10.00 per 100;	\$90.00 per 1,000.

Aspidistra Lurida.

(Green Leaved.)

We have a fine stock of this useful decorative plant in 5 and 6 inch pots with from 5 to 15 leaves, at \$5.00 per 100 leaves.

Azalea Hardy Ghent.

Fine bushy plants, 18 to 24 inches high, finely set with buds, at \$6.00 per doz.; \$45.00 per 100.

Bougainvillea Glabra Sanderiana.

A new variety of Bougainvillea and a plant that we feel certain will become very popular as a pot plant. We give the introducer's description: "It affords us great pleasure to offer this new and by far the most useful flowering plant known.

We have grown this new Bougainvillea in a greenhouse, where it has continued flowering for seven months, small and large plants alike being covered with blossoms. Even plants in thumb-pots were laden with bloom. The house in which our plants have been cultivated has been a sheet of flowers from May until December, and at the time of writing (December 30) the plants are carrying thousands of their brilliant blossoms.

Many excellent judges state that this will be a favorite market plant, as it produces as freely as a Fuchsia its dazzling *rosy crimson flowers*, lasting so long in perfection, and produced in smallest pots, under all conditions, in amazing profusion. We can with all confidence recommend this grand plant as a great acquisition."

2 2 1/2 inch pots 25 cents each ; \$2.50 per dozen.
3 " " 50 " " 5.00 "

BOUGAINVILLEA SANDERIANA.

Aquilegia Coerulea.

The True Blue Long Spurred Rocky Mountain Columbine.

We have been unable to offer the true variety of this handsome Columbine for over fifteen years, all of the available stock known to us having become more or less crossed with the ordinary forms. What we now offer has been grown from seed collected in its natural habitat, and we are assured of its genuineness.

We offer good plants in 3 inch pots \$1.00 per dozen ; \$8.00 per 100.

ARUNDO DONAX VARIEGATA. We have a fine stock of this variegated grass, strong pieces \$2.00 per dozen ; \$15.00 per \$100.

Arundo Donax. The green leaved form of the above. Beautiful effects can be produced with this variety. It attains a height of 15 to 18 feet in rich soil where it is freely supplied with water.

Strong pieces \$1.00 per dozen ; \$8.00 per 100.

NEW ANEMONE, Lady Ardilaun.

This is unquestionably one of the finest novelties in hardy plants that has been introduced in many years. It is a variety of the old hardy

White Anemone Japonica, but entirely distinct in foliage and growth, producing flowers much larger, with broader petals and of a wax-like substance, overlapping almost to the points, thus forming a most symmetrical flower. It has two or more rows of petals like the old Japonica, but of purest white, and is certain to become very popular. \$4.00 per dozen.

Azaleas for Easter Forcing.

We can still supply a fine lot of Indian Azaleas in well-furnished, budded plants of the best varieties.

As these plants can be more safely shipped when in buds, we wish to impress the importance of early orders. We will not be responsible for injuries arising from late shipments when the buds are developed.

Five inch pots, 9 to 10 inches in diameter, with fine bushy crowns, \$4.50 per dozen ; \$35.00 per 100.

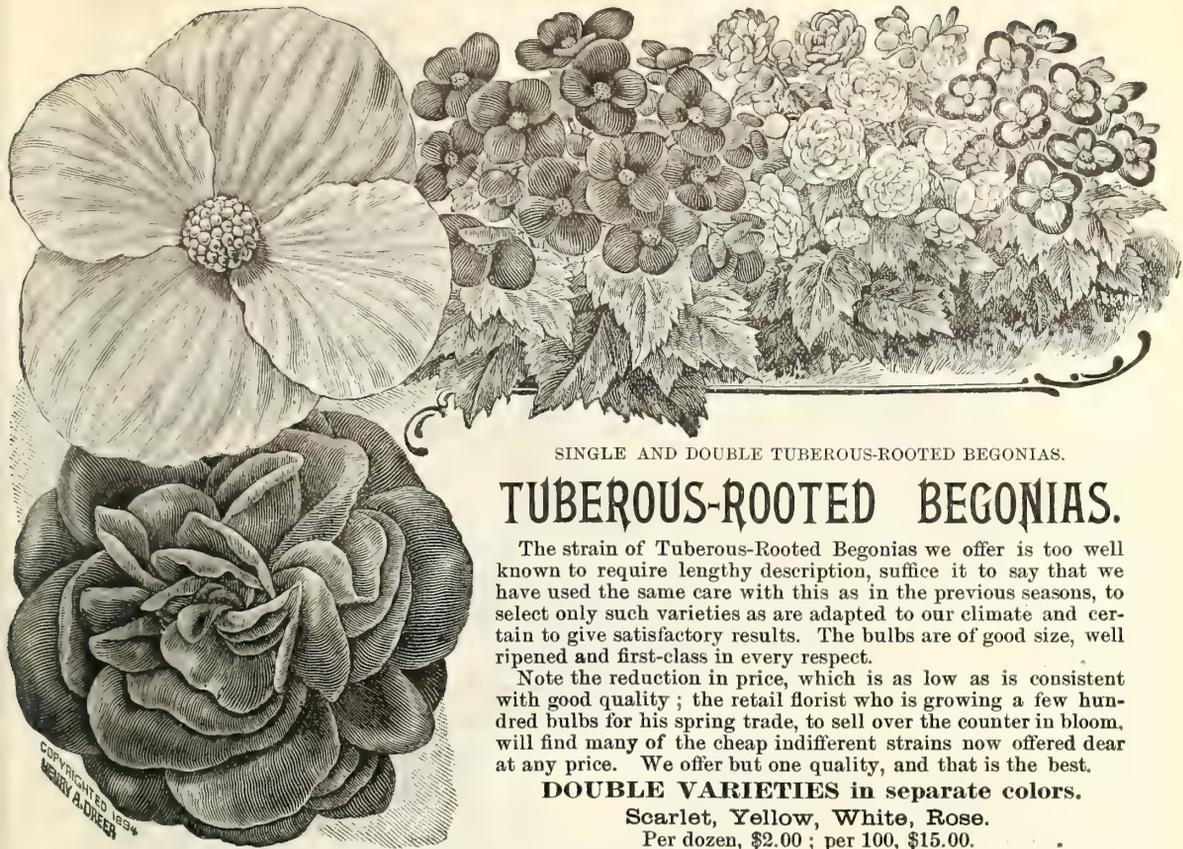

Six inch pots, 12 to 15 inches in diameter, beautiful plants. We are especially strong on this size; the plants are in fine condition and of exceptional value, being bushy and unusually well set with buds. \$9.00 per dozen ; \$70.00 per 100.

Specimen plants, beautiful stock, 18 to 20 inches in diameter, \$2.50 each ; \$30.00 per dozen.

A grand lot of plants 24 inches in diameter \$3.00 each ; \$36.00 per dozen.

AZALEA INDICA.

SINGLE AND DOUBLE TUBEROUS-ROOTED BEGONIAS.

TUBEROUS-ROOTED BEGONIAS.

The strain of Tuberous-Rooted Begonias we offer is too well known to require lengthy description, suffice it to say that we have used the same care with this as in the previous seasons, to select only such varieties as are adapted to our climate and certain to give satisfactory results. The bulbs are of good size, well ripened and first-class in every respect.

Note the reduction in price, which is as low as is consistent with good quality; the retail florist who is growing a few hundred bulbs for his spring trade, to sell over the counter in bloom, will find many of the cheap indifferent strains now offered dear at any price. We offer but one quality, and that is the best.

DOUBLE VARIETIES in separate colors.

Scarlet, Yellow, White, Rose.

Per dozen, \$2.00; per 100, \$15.00.

DOUBLE VARIETIES, mixed, all colors.

Per dozen, \$1.50; per 100, \$12.00; per 1000, \$100.00.

SINGLE VARIETIES in separate colors.

Crimson, Scarlet, Yellow, White, Rose, Orange.

Per dozen, 75 cents; per 100, \$4.50; per 1000, \$40.00.

SINGLE VARIETIES, mixed, all colors.

Per dozen, 60 cents; per 100, \$4.00; per 1000, \$35.00.

Three Fine New Yellow Carnations.

ELDORADO.

A yellow, of free blooming habit, strong vigorous plant, erect stems, finely formed flower, of fair size, very free. Petals edged with a narrow band of light pink, almost a Picotee in marking. The flower retains its yellow color under artificial light unlike most yellow varieties; very easy to root.

2½ inch pots, \$2.00 per doz.; \$15.00 per 100.

KITTY CLOVER.

A prolific continuous bloomer, light yellow, striped lightly with red and white, finely formed perfect fringed flowers.

2½ inch pots, \$1.50 per doz.; \$12.00 per 100.

EULALIA.

Light yellow, handsomely penciled with light pink. Petals deeply fringed.

2½ inch pots, \$1.50 per doz.; \$10.00 per 100.

New Crimson Carnation—Dr. Warder.

A rich shade of crimson, rather darker towards the edge of petals, which are deeply fringed. Plant of dwarf habit, but throwing up long stiff flower stems; very compact in growth and suitable for low benches.

2½ inch pots, \$1.50 per doz.; \$10.00 per 100.

Three New Fancy Carnations.

DAISY BELL.

White variegated, same class as Chester Pride. Flowers very much larger and blooms much earlier than the latter variety.

2½ inch pots, \$1.50 per doz.; \$10.00 per 100.

HELEN KELLER.

Introduced last season; a large flower of fine form; white, penciled with scarlet, stout erect stems and a free bloomer; does not burst its calyx. The flowers always command a high price and are in great demand.

2½ inch pots, \$1.00 per doz.; \$6.00 per 100.

PRINCESS BONNIE.

A cross of McKinsie and Cæsar. Light pink ground prettily marked and penciled with a darker shade, a very pleasing variety.

2½ inch pots, \$1.50 per doz.; \$10.00 per 100.

New Striped Carnation, Hawaii.

A pretty fancy variety; ground color white, laced and striped with carmine, entirely different from anything sent out before. The plant is a strong, vigorous grower, and a most profuse bloomer.

2½ inch pots, ready about March 1st, 75 cts. per dozen; \$5.00 per 100.

New Carnations

LOIS C. HAETTEL.

NEW WHITE CARNATION,

Lois C. Haettel.

A white variety that was introduced by us last season in a limited way. It is of California origin, and one of the most prolific and continuous bloomers yet introduced. The cut gives a good idea of the actual size and shape of the flower. The petals are very heavily fringed, giving it a peculiar lace-like appearance. The habit of the plant is all that could be desired, while in fragrance it excels any variety now on the market.

We give below a few of the many testimonials sent us in reference to this fine white carnation.

Mr. William Scott of Buffalo, N. Y., writes us: "I find Lois C. Haettel a good grower in an exceptionally dry season, an early bloomer with medium sized flowers, pure white in color, of perfect form and a free bloomer."

F. Goldring & Co., S. Singerlands, Albany, New York, say: "We consider Lois C. Haettel Carnations to be our best white, and intend growing it largely next season. In our soil—a rich sandy loam—this variety makes a fine sturdy growth, producing its flowers very freely on long stiff stems, and best of all it is a good seller. We would strongly commend it to those needing a good all round white carnation."

2½ inch pots, ready about March 1st, 75 cts. per dozen; \$4.00 per 100.

HAWAII.

Ophelia and Sweetbrier.

Two Fine Pink Carnations.

OPHELIA—(Edward Swayne.)

Large pink, rather darker than Scott. Winner of Craig cup for best seedling at Philadelphia, spring of '93. 2½ inch pots, \$2.00 per doz.; \$15.00 per 100.

SWEETBRIER.

Winner of first premium for "best seedling of any color" at Philadelphia, November 7, 1893. An exquisite shade of light pink (between Wilder and Daybreak); a strong grower; an early, very free continuous bloomer; fragrant, good size, long stiff stems.

2½ inch pots, \$1.00 per doz.; \$6.00 per 100.

The above prices are for established plants in 2½ inch pots, ready about March 1st.

The above prices are all for established plants in 2½ inch pots, ready about March 1st.

New Large Flowering Dwarf French Cannas.

The Most Desirable Bedding Plant for the American Garden.

We again offer this season a set of novelties which show a great advance and which we feel sure will be appreciated. In making up the various sets of Cannas here offered it has been our aim to select only the very best and finest types, and to present a list from which our customers can select any one variety with the certainty of it being a plant worthy of a place in any garden.

In the novelties offered for the first time this season we imported all that came to our notice, and after thoroughly testing them we have selected seven varieties which we consider the cream of this year's introduction, discarding all others, many of which were purchased at high prices.

New Gilt-Edged German Canna, "Queen Charlotte."

We offered this grand variety in a limited quantity last season at a high price; it is of German origin and will no doubt be the most popular of the new varieties this season, and is considered by many who saw the different

varieties of this gilt-edged type in flower on our grounds the past summer to be the finest of this class yet introduced. The plant attains a height of about three feet and is furnished with heavy bluish-green foliage; the enormous flower spikes, towering grandly above the foliage, bear a beautiful bouquet of large flowers of perfect form, petals of a velvety grenade blood red, broadly banded with bright canary yellow.

75 cents each; \$9.00 per dozen.

QUEEN CHARLOTTE.

New Gilt-Edged French Canna, "Souvenir de Antoine Crozy."

This is a perfect gem and in our estimation the finest gilt-edged variety yet introduced; the flowers are large, with well rounded petals, which are of the most intense scarlet crimson, rich and dazzling, and are bordered with a broad rich golden yellow border, and does not fade or scorch in the most intense hot and dry weather, which proves to be the fault with some of the very high-colored varieties, notably Paul Sigrist, a variety that we thought highly of last spring, but which failed badly the past dry summer, while Souv. de Antoine Crozy and Queen Charlotte retained their rich colors planted side by side with this variety and under precisely the same conditions. In habit the plant is all that could be desired, being of strong, vigorous but dwarf habit, forming symmetrical compact plants about 3 feet high.

\$2.00 each. Stock limited.

New Yellow Spotted Canna, "Comte de Bouchaud."

This variety is identical in color with that fine variety, Florence Vaughan, from which it differs only in the size of the flowers, which are fully one-sixth larger; color, rich bright golden yellow, spotted with bright red; this is undoubtedly the finest dark yellow spotted variety yet introduced; grows about 4½ feet high.

Price 75 cts. each.

New Light Yellow Spotted Canna, "Madame Montefiore."

This is another grand variety on the same style as Florence Vaughan, but of a much lighter shade of yellow, more on the style of Capt. Suzzoni. This variety when planted in masses will give, even at a short distance, a clear yellow effect, while Florence Vaughan and Comte de Bouchaud, on account of the deep yellow color and heavy spots, under the same conditions have more of an orange appearance. The flowers, which are of a fine clear light yellow spotted with red, are fully as large as Comte de Bouchaud, while its habit of growth is also similar to that variety. This is undoubtedly the finest Canna yet introduced for planting where a yellow effect is desired, and for this purpose is almost as valuable as a yellow without a spot would be.

Price 75 cents each.

New Crimson Canna,
"Ami Pichon."

This may be called an improvement on Explorateur Crampel, to which it is similar in style of flower and color, though brighter in its markings than that standard variety. The flowers are of large size, of a bright crimson with very deep crimson markings, the habit of the plant is strong, of symmetrical growth, about 5 feet high, with rich deep green foliage.

Price 75 cents each.

New Crimson Canna,
"Madame Molin."

This is undoubtedly the finest crimson variety yet introduced; the habit of the plant is all that could be desired, it forming strong bushy symmetrical plants about three feet high, with luxuriant heavy foliage of a rich dark green. The flowers, which are of large size and of a most intense brilliant crimson, are produced in very large heavy heads. The entire habit of the plant, together with its bright, rich color, will place it in the front rank among the high colored varieties.

Price 75 cents each.

New Rose-Colored Canna, "Rose Unique."

This variety is not up to the present standard in size of flowers, but is so distinct in color, differing from all others, that we consider it well worthy of trial. It is the nearest approach to a rose color yet introduced, of remarkably vigorous yet dwarf growth, attaining a height of 3½ feet; the flowers are produced in large heads and present a unique appearance. Price 30 cents each.

New Bronzed-Foliaged Canna, with Orange-Colored Flowers, "Admiral Avellan."

In our trials the past summer we considered this the most desirable dark foliage variety in our collection. The flowers, while not as large as some of the latest introductions, are of good size, with heavy strong petals which open out evenly, forming a clean pretty flower; these are arranged sufficiently far apart on the stems to show up each individual flower; it is of a rich orange scarlet, having a luminous rich appearance. The habit of the plant is erect, growing about 5 feet high and always forming fine symmetrical plants. Price 75 cents each.

We will furnish one each of the eight new varieties, including Queen Charlotte, for \$6.00.

Dwarf French Cannas.

TWELVE STANDARD VARIETIES.

The twelve fine varieties offered in the following collection we have grown in very large quantities. It consists entirely of standard well tried sorts. We can recommend these for all purposes, especially for massing in large quantities. Our large stock enables us to offer them at a very low price.

Alphonse Bouvier. A remarkably luxuriant grower, in rich ground attaining a height of 6 to 7 feet. In color it is of a rich, brilliant crimson almost approaching scarlet when it first opens, changing to a deep dazzling crimson as the flowers fully develop. Foliage, rich deep green. Per doz. \$1.00; per 100 \$8.00.

Charles Henderson. A grand variety introduced two years ago of a fine crimson color that has become very popular. While it is not quite as rich in color as Alphonse Bouvier, its habit of growth is much more compact and uniform, rarely exceeding 3½ feet in height, which makes it a desirable companion to such varieties as Florence Vaughan and Madame Crozy. Per doz. \$1.00; per 100 \$8.00.

Denil de St. Grevy. A grand acquisition; flowers of good size with well-rounded heavy petals of the most intense rich orange scarlet; foliage bronzy

purple; very effective. 4½ feet. Per doz. \$1.00; per 100 \$8.00.

Madame Crozy. Flowers dazzling scarlet bordered with golden yellow; plant of vigorous growth yet dwarf in habit, rarely exceeding four feet in height. Foliage massive, of a rich cheerful green. The flowers are produced on large branching stems which are closely set with bloom. It is remarkably free flowering and can be had in bloom the year around. It is to-day the most popular Canna in cultivation. Per doz. \$1.00; per 100 \$8.00.

Maurice Mussy. Rich satiny vermilion scarlet, of large size, with broad rounded petals of good substance; the plant is vigorous and very uniform in its growth, attaining a height of about 4 feet. Per doz. \$1.00; per 100 \$8.00.

Mrs. Sarah Hill. Flowers of a rich carmine, of good size, foliage green 3½ feet high. Per doz. \$1.00; per 100 \$8.00.

MADAME MONTEFIORE.

Cannas, Twelve Standard Varieties.—Continued.

	Per doz.	Per 100.
Egendale. An especially valuable bedding variety with dark foliage similar to the old India varieties, but with large cherry red flowers of good shape and substance. Of compact uniform growth. 4 feet	\$1 50	\$12 00
Explorateur Crampel. Flowers of good size, borne in large heads and thrown well above the foliage. Color, bright orange crimson, with deep crimson markings; foliage green. 4 feet	1 00	8 00
Florence Vaughan. One of the finest yellow spotted varieties of a bright rich golden yellow, spotted with bright red; flowers of the largest size, of great substance and of perfect form; foliage massive, of a rich green color. 3 feet	1 00	8 00
J. D. Cabos. Rich maroon foliage with metallic lustre; flowers very		

	Per doz.	Per 100.
large, of a peculiar rich shade of orange tinged with apricot. 4½ feet high	\$1 50	\$12 00
Kaiser Wilhelm II. Flowers not as large as some of the French varieties but still of good size, and especially valuable on account of its exceedingly floriferous character. Flowers bright red, borne on stout erect stems well above the foliage. 3 feet	75	6 00
Paul Marquant. One of the most pleasing and beautiful on account of its large size and entirely distinct and novel color. The flowers, which are larger than any other variety, stand out from the spike separately in such a manner as to attract special attention, are of a bright salmon scarlet, passing to a rosy carmine with a peculiar silvery lustre; foliage dark green. 3 to 3½ feet	1 00	8 00

General Collection of Dwarf French Cannas.

	Per doz.	Per 100.
Admiral Gervais. Somewhat in the way of Madame Crozy. The individual flower is not quite as large, but showing considerably more golden yellow in its markings. It is of dwarfer habit, never exceeding 3 feet in height	\$1 00	\$8 00
Antoine Crozy. Strong vigorous grower and free blooming; flowers bright cherry carmine. 4½ feet	1 00	8 00
Admiral Courbet. Flowers large, light yellow, striped and spotted with crimson; foliage pea green. 3 feet	1 00	8 00
Baronne De Renowardy. Flowers of fair size, of a rosy salmon overlaid with scarlet; foliage deep green edged with purple. 3½ feet	1 00	8 00
Camille Bernardin. A strong growing variety, producing very large salmon colored flowers, with broad shell-like petals, very distinct; foliage green. 5 to 6 feet	1 00	8 00
Charles Dippe. A hybrid between Ehemanni and the French type, with which it is almost identical except in the foliage, which is marked with metallic bronze	1 00	8 00
Cronstadt. Flowers very large, rich orange, slightly flaked with carmine, entirely distinct and very desirable; foliage bronzy purple. 4½ feet	1 00	8 00
Comte Horace de Choiseaul. Flowers of a deep crimson of a large size; foliage deep green	1 00	8 00
Charles Moore. A very free flowering variety, with medium-sized flowers of a bright yellow, so closely covered with large deep orange spots as to give the entire flower the appearance of being a solid orange when seen from a short distance; foliage green. 3½ feet	2 00	15 00
Duchess de Montenard. Very large flowers of a bright yellow, spotted with red; foliage green. 4½ feet	1 00	8 00
Edward Michel. Large flowers of a rich salmon, overlaid with scarlet, marked with yellow; foliage green. 4 feet	1 00	8 00

	Per doz.	Per 100.
Edward Mieg. A grand acquisition and one of the best of the high colored varieties; bearing very large flowers in immense trusses of a rich vermilion scarlet; a strong, robust grower with dark green foliage, attaining a height of 3½ feet	\$1 50	\$12 00
Francois Crozy. Flowers of a deep shade of salmon, edged with bright yellow; foliage deep green. 3½ feet	1 25	10 00
Geoffroy St. Hillaire. Large flower of a rich scarlet overlaid with orange, bronzy purple foliage. 4½ feet	1 00	6 00
Gustav Sennholz. A distinct variety with medium sized flowers, which upon first opening are of a light shade of salmon, which changes, as they fully expand, to a peculiar shade of silvery rose mottled with salmon; foliage green. 3 feet	1 00	8 00
J. Thomayer. Flowers of very large size, produced in large spikes of a most intensely rich orange scarlet; foliage of a rich bronze purple. 4 feet	1 00	8 00
L. E. Bally. Flowers of large size of light canary yellow spotted with orange, petals heavy and broad; foliage green. 3½ feet	1 50	12 00
La Guill. Flowers very large, of a beautiful rich salmon; foliage deep green. 5½ feet	1 00	8 00
Marquise Arthur de L'Aigle. A beautiful variety on the general style of Madame Crozy, but with a much wider edge of golden yellow; foliage green. 3½ feet	1 00	8 00
Mr. Cleveland. Flowers very large, of a rich orange scarlet; foliage deep green. 5 feet	1 00	8 00
Martin Cahuzae. The lightest yellow in cultivation, flowers of a good size and substance, produced in large compact heads of a light canary yellow with dark spots	1 50	10 00
Nardy Pere. Rich brilliant scarlet; very dazzling; flowers of good size borne in large open heads; foliage dark green with purple veins and stems. 4 feet	1 25	10 00

CYCAS REVOLUTA.

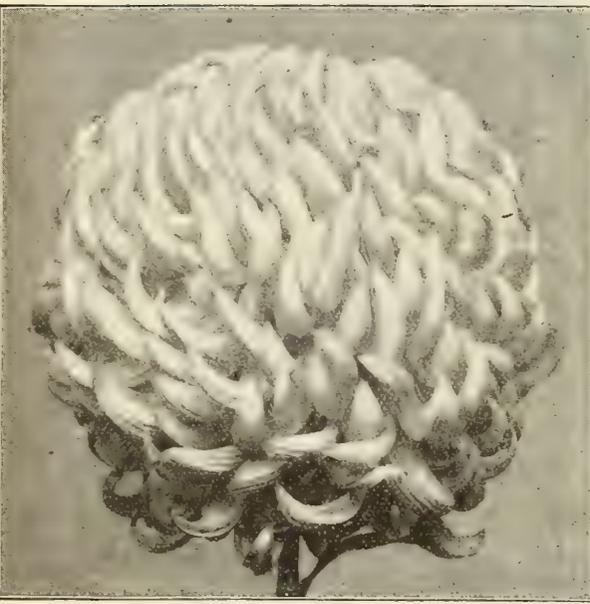

Cycas Revoluta.—(SAGO PALM.)

We are now booking orders for dormant stems which are expected to arrive early in May; stems from 6 to 24 inches high at 15 cents per pound.

We shall be pleased to furnish special quotations on lots of 500 or more pounds.

CHRYSANTHEMUMS.

VARIETIES OF SPECIAL MERIT.

PHILADELPHIA.

NEW

Chrysanthemum Philadelphia.

This is undoubtedly the greatest acquisition in Chrysanthemums for many years; it is an entirely new type in coloring and in form of petal or floret, and in the general contour of the flower, though it is very nearly globular as a whole. The formation of its florets and their disposition makes it gracefully globular in form; its color is white, illuminated with lemon yellow, giving it light and life never before seen in a Chrysanthemum.

It was awarded the highest honors by the American Chrysanthemum Society, and was also the centre of attraction at the fall Chrysanthemum Shows in the following cities, at all of which it was shown at the same time: Boston, Baltimore, Chicago, Cincinnati, Indianapolis, New York, Philadelphia, St. Louis and London, England.

50 cents each; \$6.00 per dozen; \$35.00 per 100.

CHRYSANTHEMUMS

OF SPECIAL MERIT.

	Per 100.
Ada Spaulding. Color distinct; a rich deep pink, shading in upper portion to the purest pearl white.....	\$4 00
Advance. A beautiful shade of rosy pink; flowers of the largest size and very double..	4 00

Rohallion. Rich yellow, deepening to chrome.....	4 00
Roslyn. Large flower, clear mermet rose pink	5 00
Source D'Or. Golden yellow, tipped and shaded brown	4 00
Tokio. Rich bronzy crimson.....	4 00
The Queen. A grand double white, of fine size and great substance.....	10 00
V. H. Hallock. Rosy pearl, of a marked waxy texture; color deepening towards centre	4 00
Victor. Rich golden yellow; fine.....	4 00
Viviand Morel. Large flowers; a beautiful light shade of pink.....	5 00
W. W. Coles. A peculiar shade of terracotta, shaded brownish orange.....	4 00
Wm. H. Lincoln. Golden yellow, large flower.....	4 00

Caryopteris Mastacanthus.

(BLUE SPIRÆA.)

This is one of the most brilliant novelties from China that we have to offer this season, and, without doubt, one of the greatest acquisitions. With us it has bloomed ever since May, even in 2-inch pots, and at this date the plants have formed specimens 2 to 3 feet high and wide, which are still a mass of flowers of the most pleasing, rich lavender blue, a color so rare among flowers. It grows more readily than a geranium, even in a dry spot, and it is sure to become a favorite as a cut flower, as a pot plant and for the garden. Plants potted and brought into the house will bloom profusely throughout the winter months, and give an abundance of graceful flowering branches.

g. b \$1.50 per doz.; \$10.00 per 100.

Four Grand New Dahlias.

Fern Leaved Beauty.

(No. 1.) This is another gem of Mr. Bassett's, of the same type, but distinct from American Flag. It has been called Fern Leaved Beauty on account of its very distinct foliage, which is finely cut, like that of a strong-growing Fern. (See illustration.) The habit of the plant is strong, but dwarf, growing about two feet high, branching near the ground and forming a compact mass of foliage, which makes it a fine ornamental plant, even without flowers. The flowers, which are produced on long stems, well above the foliage, are of medium size, with petals quilled or shell-like, regularly arranged, but standing out from each other, giving the flower a graceful elegance and freedom from stiff formality. Color, creamy white, with petals heavily bordered with dark crimson, which gradually diminishes at the points of the

American Flag.

A most distinct show variety that originated with Mr. W. F. Bassett, who is one of the most enthusiastic local growers of this favorite flower. The flowers are of medium size, measuring about three inches in diameter, petals quilled in the centre, but opening shell-formed when fully expanded; color pure white with a prominent border of brilliant cherry red on each side of the petals and occasionally a centre stripe of the same color. Unlike many other varieties described as pure white, the white portions of this are really snow white, while the markings are of the most intense cherry red. Strong plants, ready March 15th, 35 cents each.

Blanche Keith.

Another grand Cactus Dahlia and an improvement upon all the yellows up to date. The petals are long and twisted, very full and evenly arranged, and of a rich uniform yellow throughout. It is also remarkably free flowering, with the flowers standing well above the foliage and the plant not growing over three feet in height; a great advantage, seeing that so many varieties of this section grow to a great height, rendering them unsuitable for many places. This variety has also received many certificates and medals. Good plants ready March 15th, 35 cts. each.

outer petals, causing a gradual shading off of color from the centre to the edges. Strong plants, ready March 15th, 35 cents each.

Mrs. Peart.

(No. 2.) This is the most distinct Cactus Dahlia yet offered and the only variety worthy of the name Cactus; it is the first real white Cactus Dahlia ever raised and a marvelous improvement upon every variety in cultivation. It stands out in bold relief from all others and is the admiration of every one who has seen it. The plant is of medium growth, exceedingly floriferous, the flowers standing clear above the foliage; these are of medium size, of the purest white, with a slight tinge of lemon in the centre when it first opens; this dies off as the flower fully expands. This illustration gives a better idea of its form than any description that we can give. It is of English origin and has been awarded numerous certificates and medals. Good plants, ready March 15th, 50 cents each.

Regarding stock purchased from you, I would say, it is the best that ever graced our place, and you may expect a continuance of our patronage. CHAS. P. GUELPH, Brockport, N. Y.

The set of four distinct and novel Dahlias for \$1.40; ready about March 15th.

DAHLIAS.

NEW CACTUS DAHLIA, "NYMPHÆ."

(The Pink Water-Lily Dahlia.)

An entirely distinct and novel variety of perfect shape, producing flowers of large size, with heavy broad petals, those of the centre being somewhat cupped or incurved. The color is a clear, distinct, light-shrimp pink, shading slightly darker towards the outer petals, a color difficult to describe and which is rare in all plants. This peculiar color and its form have suggested the name, Water-Lily Dahlia.

Strong roots 25 cts. each; \$2.50 per dozen.

New Cut-Leaved Single Dahlia.

ANNIE BARILLET.

A beautiful new variety with very rich scarlet, crimson flowers of the most perfect shape, with a deep purplish maroon foliage, contrasting finely with other light-leaved varieties. 20 cents each; \$2.00 per dozen.

TWELVE BEST CACTUS DAHLIAS.

Cochineal. Brilliant crimson.

Formosissima Picta. Orange color with bright scarlet stripes; a distinct and taking flower.

Harry Freeman. A most beautiful glistening snow-white, of good form and substance.

Honor. Distinct from all other sorts; a peculiar shade of amber.

John Bragg. Color of the richest black maroon; flowers of good size, raised well above the foliage.

Mrs Hawkins. Of close, neat habit; rich sulphur-yellow, shading lighter toward the tips and slightly tinted red; a lovely flower.

Mrs. Glasse. Crimson maroon, shading to scarlet towards the centre; very dwarf.

Miss Barry. Deep rosy lake; a shade quite new in this type of Dahlia.

Panthia. Rich reddish salmon, peculiar and striking.

Professor Baldwin. Bright orange scarlet.

Robert Maher. A rich golden yellow; the best of its type.

Sidney Hollings. Rich deep purple maroon; one of the darkest in cultivation.

Dry roots 15 cents each; set of 12 for \$1.50; \$12.00 per 100.

SIX FINE SINGLE DAHLIAS.

Empress. Pure white, embellished with a yellow rayed centre.

Eclipse. Most perfect flowers, slightly recurved, of a pleasing rosy mauve and salmon, having a distinct band around the disc, which is of rich crimson, rendering it very attractive.

Isaac Pitman. One of the finest striped varieties and remarkably constant. The flowers are large, of fine form, lilac, conspicuously striped with crimson and maroon.

Kate. A bright orange maroon of a shade difficult to describe, and one of the most effective of the high colored sorts.

Maude. Pure white, each petal distinctly margined with a broad band of maroon; a remarkable blending of colors, and extremely effective.

Miss Ramsbottom. A most lovely pink shaded cerise.

Dry roots 15 cts. each; set of 6 for 75 cts.; \$12.00 per 100.

SET OF TWELVE LARGE FLOWERING DOUBLE DAHLIAS.

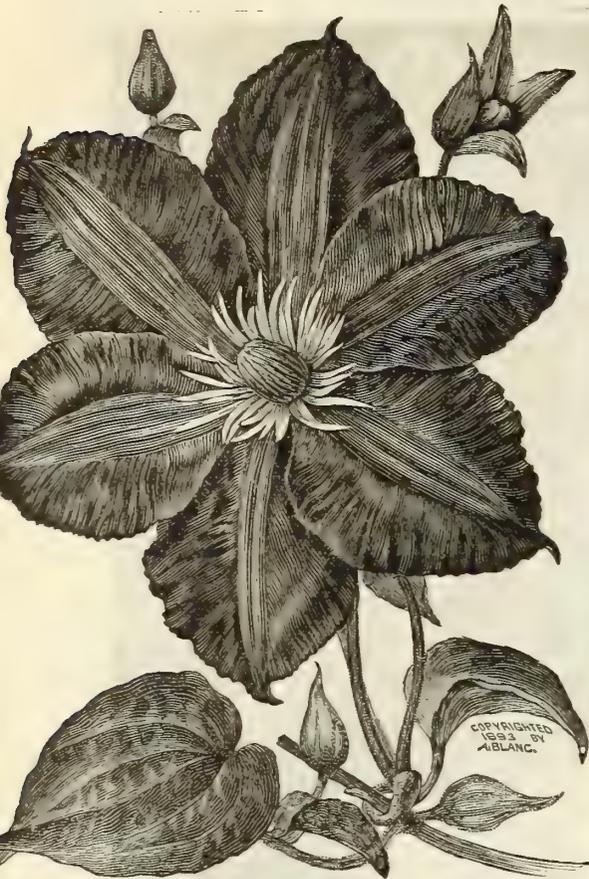

Dry roots 15 cts. each; \$1.50 per doz.; \$12.00 per 100.

TWELVE BEST POMPONE DAHLIAS.

Dry roots 15 cents each; set of 12 for \$1.50; \$12.00 per 100.

DAHLIA NYMPHÆ.

HARDY CLEMATIS.

Our stock of Clematis this season is exceptionally fine, strong, clean; own root plants.

Anderson Henryi. Creamy white, large and handsome.

Duchess of Edinburgh. Very fine, pure double white.

Gipsy Queen. Rich dark velvety purple, one of the very best of its color.

Boskoop Seedling. Extra large lavender.

Jackmanni. Large, rich velvet purple; a free bloomer.

Jackmanni Superba. Very dark violet purple.

Jackmanni Alba. A fine large pure white.

Standishii. Dark lavender blue.

John Gould Veitch. Lavender blue; flowers double.

Jean D'Arc. Large single white.

Lanuginosa Candida. White, tinted; a fine flower.

Lawsoniana. Rosy purple with darker veins.

Lord Londesborough. Deep mauve, large flowers.

Madame Van Houtte. Pure white; extra fine.

Miss Bateman. White with chocolate red anthers.

The Gem. Fine blue.

Strong plants \$5.00 per doz.; \$30.00 per 100.

Clematis Crispa.

Clematis Coccinea.

We have a fine stock of strong 2 year old plants of the above two varieties at \$1.25 per doz.; \$8.00 per 100.

New Red Clematis, Madame Edouard Andre.

An entirely distinct and most novel variety and the nearest approach to a bright red ever sent out. The plant is a strong, vigorous grower, being a hybrid of the popular Jackmanni, which it resembles in freedom of bloom, strong vigorous growth and shape and size of flower, but it is of a distinct carmine red color of a most pleasing shade, entirely different from all other varieties. 50 cents each; \$5.00 per dozen.

Clematis Paniculata.

This beautiful variety will undoubtedly become one of the most popular climbers in cultivation when its merits become fully known.

We have prepared an immense stock, which we are enabled to offer at very low prices.

Strong 2½ inch pots 75 cts. per doz.; \$5.00 per 100; \$40.00 per 1,000. Strong 3 inch pots \$1.00 per doz.; \$6.00 per 100; \$50.00 per 1,000.

Dracæna Fragrans.

A fine lot of 2½ inch pots, ready February 15th, \$10.00 per 100.

Dracæna Lindenii.

Good young plants in 3 inch pots, 50 cents each.

Dracæna (Cordylina) Indivisa.

2½ inch pots 75 cents per dozen; \$5.00 per 100.

3 " " \$1.00 " 7.00 "

4 " " 1.50 " 12.00 "

5 " " 2.00 " 15.00 "

6 " " 3.00 " 25.00 "

Dracæna Terminalis.

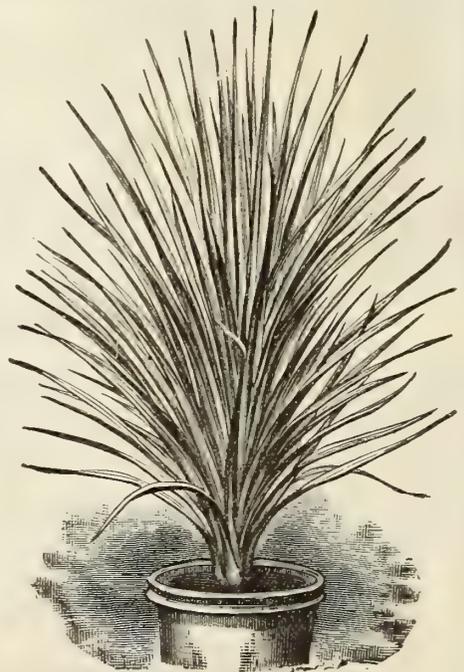

Good 2½ inch pots ready February 15th, \$7.00 per 100.

Dracæna Braziliensis.

An old variety that is not grown as largely as it deserves. It is of strong robust habit with dark green foliage; useful as a plant for centres of vases and baskets.

2½ inch pots, 75 cents per dozen; \$6.00 per 100.

3 " " \$1.00 " 8.00 "

DRACÆNA INDIVISA

Eulalia Japonica Zebrina.
Eulalia Japonica Variegata.
Eulalia Gracillima Univittata.

We have a large stock of these useful hardy ornamental grasses and can furnish of liberal sizes at 75 cts., \$1.00, \$2.00 and \$3.00 per doz.; \$6.00, \$8.00, \$15.00 and \$20.00 per 100, according to size of plant. Extra large undivided two year old clumps, \$30.00 per 100.

Fuchsia Little Beauty.

We consider this one of the best plants in this line introduced for many years, and it cannot be too highly recommended. As a market plant it is a perfect gem, being of a dwarf but free growing habit, flowering early in the season in small plants when only two inches high and naturally forming good shaped plants without stopping or pinching. As many as one hundred and fifty flowers have been counted on a plant in a four inch pot at one time; they are of fair size, being about 1½ inches long, with bright red tube and petals and purple corolla.

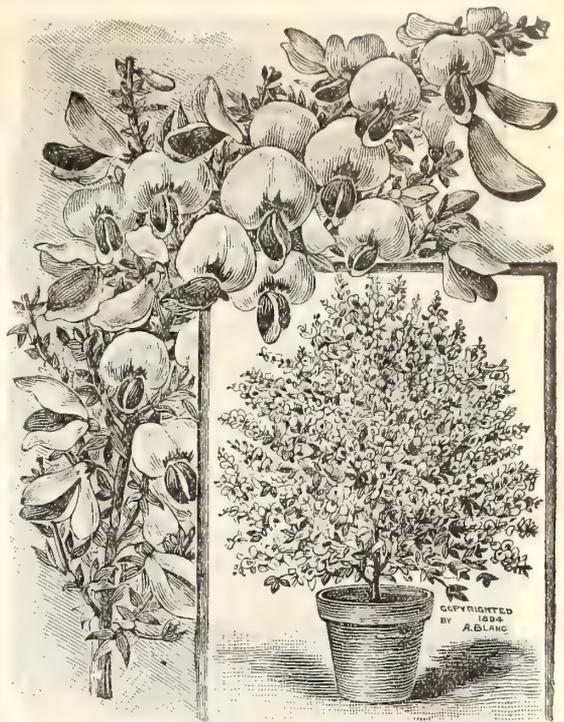

We have made arrangements with the introducer to send the plant out at his regular prices, which is \$1.50 per dozen; \$10.00 per 100, for strong thrifty 2-inch pot plants.

Gaillardia Grandiflora.

This is undoubtedly one of the finest of hardy Perennials. The flowers are large, very numerous, produced on long stems and excellent for cutting, and of the most gorgeous coloring. The centre is dark-red brown, while the petals are variously marked with rings of brilliant scarlet crimson, orange and vermilion, and often a combination of all these colors in one flower. It delights in a rather poor, light soil, and blooms in the greatest profusion from June to November.

Strong one year old clumps, \$1.25 per dozen; \$10.00 per 100. 2½ inch pots, that will flower freely this season, 60 cents per dozen, \$4.00 per 100.

GENISTA ANDREANA.

GENISTA ANDREANA.

A most desirable shrub either for planting in the open border or for growing in pots as a decorative spring-flowering plant, like the well-known Genista Fragrans and Racemosa that are grown so extensively for Easter decorations; but unlike those varieties, which are entirely yellow, the flowers of this new variety, which are nearly four times as large, are produced in large terminal racemes, the lower lip being of a bright yellow, while the upper one is of a rich brownish crimson. The plant is of elegant habit, with dark-green stems and foliage, and is said to be hardy south of New York.

Strong plants, \$2.00 per doz.; \$15.00 per 100.

The Butterfly Gladiolus, distinguished by the rich and vivid coloring of its flowers. Extra fine mixed, 35 cts. per doz.; \$2.50 per 100.

Gladiolus Brenchleyensis.

Brilliant scarlet, fine for massing. 15 cts. per doz.; \$1.00 per 100; \$7.50 per 1000.

Gladiolus Ceres.

Pure white, spotted purplish rose, excellent contrast to Brenchleyensis. 25 cts. per doz.; \$1.50 per 100.

SNOW WHITE.

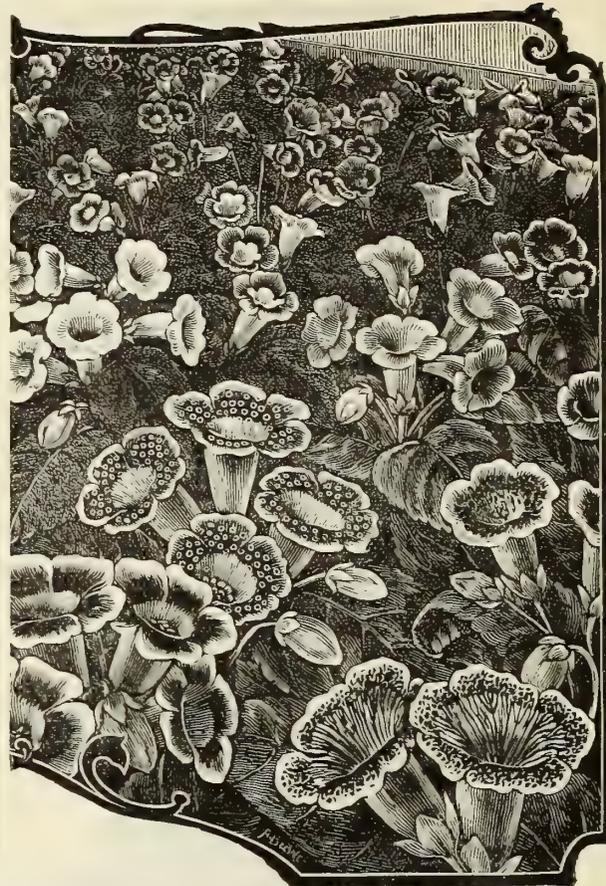

Gladiolus, Snow White.

This is undoubtedly the best white Gladiolus. The flowers are of fine shape, large in size, and of a pure paper-white color.

\$1.50 per doz.; \$12.00 per 100.

Hardy English Ivies.

These are now used largely throughout the eastern cities for covering graves. We supply annually many thousands for this purpose, and have prepared an extra large stock of strong plants in 4 inch pots, 3 to 4 runners, 2 to 3 feet long. \$1.00 per doz.; \$10.00 per 100.

GLOXINIA.

We have been making a specialty of the Gloxinia for many years, and grow many thousands. The bulbs are in an unusually fine condition, large and well matured, and are all of the Crassifolia type of foliage. The strains we offer cannot be surpassed, either in size of flower, richness of coloring or elegance of shape. Finest mixed varieties.

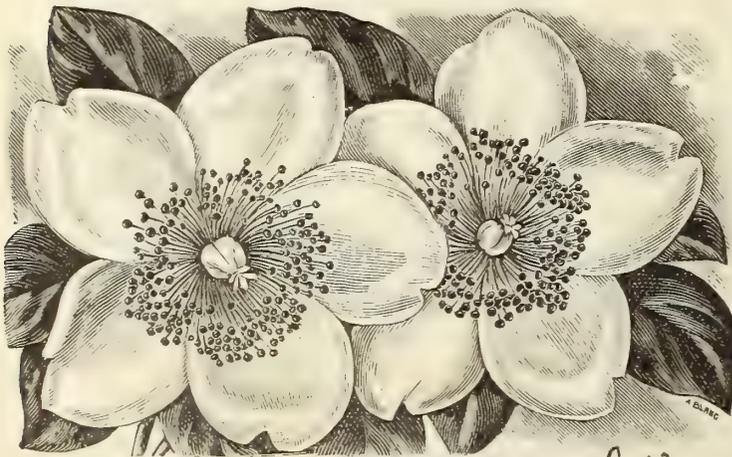

First size, very fine bulbs, \$1.00 per doz.; \$8.00 per 100; \$70.00 per 1000.

Second size, good strong bulbs, 75 cts. per doz.; \$6.00 per 100; \$50.00 per 1000.

Hypericum Moserianum.

The New St. John's Wort.

We take pleasure in calling attention to this beautiful plant, which has been universally admired and is acknowledged to be one of the very best herbaceous plants of recent introduction. The habit of the plant is free and graceful; it produces long, slender, much-branched stems, leafy to the base and all drooping toward the ends, apparently from the weight of the flowers and buds, although the flowers face so that none of their beauty is lost. It is marvellously free flowering, of large size, measuring from 2 to 2½ inches in diameter, in color a rich golden yellow, which is rendered still more effective

HYPERICUM MOSERIANUM.

912

by the numerous yellow stamens and crimson anthers, and blooms continuously the entire season. It is perfectly hardy, forming a bush about 3 feet high. Strong young plants, \$1.00 per doz.; \$6.00 per 100.

Helianthus Multiflorus, fl. pl.

Double Hardy Sunflower.

An extremely useful hardy plant; bears profusely large double flowers of a bright yellow color, which remain in perfection a long time. Every florist should grow this sort largely.

\$1.00 per doz.; \$8.00 per 100.

Helianthus Maximilliana

A most useful single flowering variety especially valuable for cutting, it continuing to bloom very late in the fall. The flowers, which are of medium size, are produced in long sprays in such a manner as to make them of most useful form for large decorations.

\$1.00 per doz.; \$8.00 per 100.

Helianthus Rigidus.

One of the best for summer cutting, flowers large bright golden yellow with lilac disc, a rapid grower, attaining a height of about three feet, and a very attractive free flowering variety.

Strong clumps, \$1.00 per doz.; \$8.00 per 100.

Hydrangeas.

Our Hydrangeas are dormant plants wintered in cold frames.

Lilium Speciosum Rubrum.

Rosy white, spotted with crimson. Per dozen, \$1.25; per 100, \$8.00.

LILIAM WALLICHIANUM.

We have succeeded in procuring a fine stock of this most beautiful of all the Trumpet Lilies. It has immense funnel or trumpet shaped flowers of heavy texture and of elegant color, which is of a pure white shaded with chocolate on the outside, and delicately tinged with yellow on the inside. It has always been rare and offered only at very high prices. We offer fine strong bulbs at 60 cents each.

NEW LYCHNIS,

Plenissima Semperflorens.

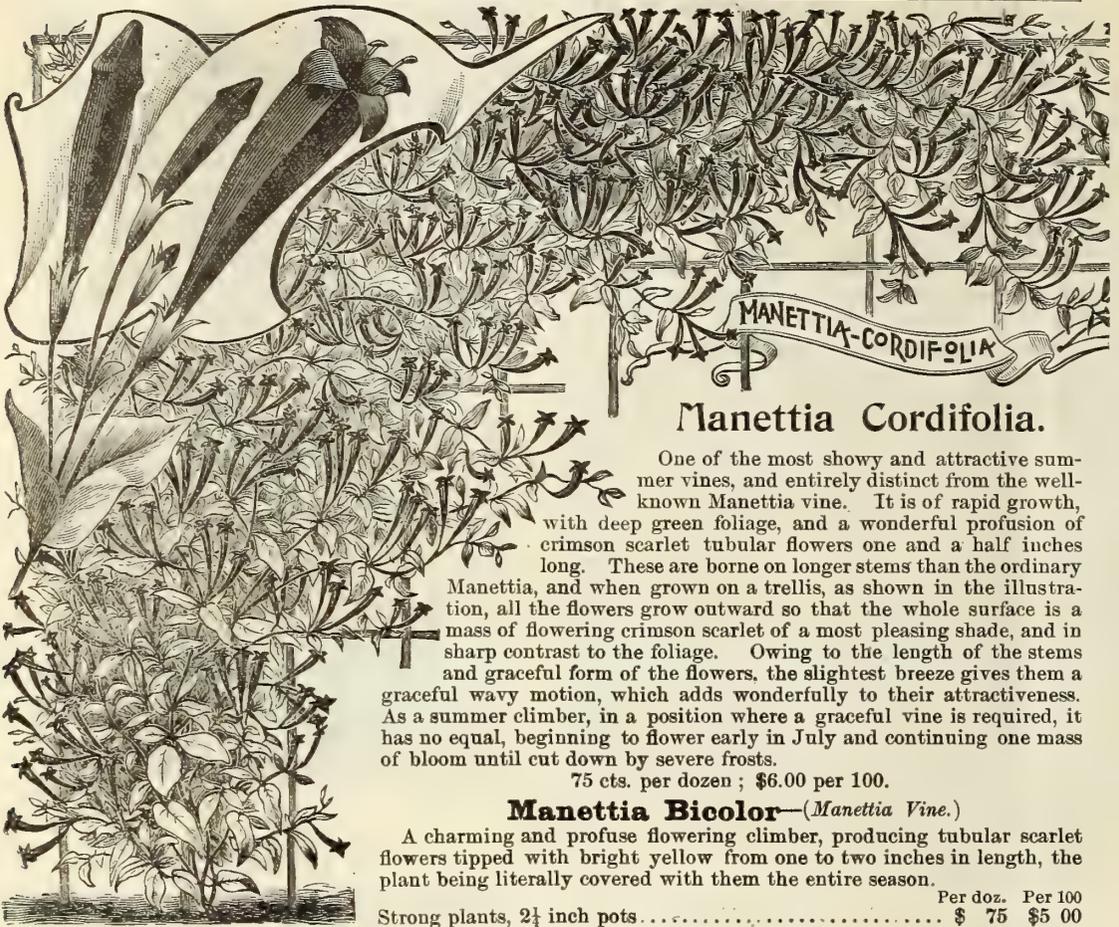

One of the greatest additions to our list of hardy perennials, beginning to flower early in the spring and continuing throughout the entire summer. The flower is of a beautiful tender rose-color, and is produced in long, bushy spikes. One of its greatest advantages is its easy forcing qualities in an ordinary green-house or cool conservatory, where it will produce from October to April, with ordinary care, hundreds of flowers. \$2.00 per doz.; \$15.00 per 100.

COPYRIGHTED 1894 BY A. BLANC PHILA.

LYCHNIS, PLENISSIMA SEMPERFLORENS.

G. S.

Manettia Cordifolia.

One of the most showy and attractive summer vines, and entirely distinct from the well-known Manettia vine. It is of rapid growth, with deep green foliage, and a wonderful profusion of crimson scarlet tubular flowers one and a half inches long. These are borne on longer stems than the ordinary Manettia, and when grown on a trellis, as shown in the illustration, all the flowers grow outward so that the whole surface is a mass of flowering crimson scarlet of a most pleasing shade, and in sharp contrast to the foliage. Owing to the length of the stems and graceful form of the flowers, the slightest breeze gives them a graceful wavy motion, which adds wonderfully to their attractiveness. As a summer climber, in a position where a graceful vine is required, it has no equal, beginning to flower early in July and continuing one mass of bloom until cut down by severe frosts.

75 cts. per dozen ; \$6.00 per 100.

Manettia Bicolor—(Manettia Vine.)

A charming and profuse flowering climber, producing tubular scarlet flowers tipped with bright yellow from one to two inches in length, the plant being literally covered with them the entire season.

Otaheite Orange.

We offer a fine stock of this desirable variety for pot culture. Strong, 4 inch pots, that should fruit and flower the coming season, 35 cts. each ; \$4.00 per doz.

Pampas Grass.

We offer good strong plants from four inch pots at \$2.50 per doz. ; \$20.00 per 100. This is the true large plumed white variety.

Platycodon Mariesi.

A valuable new species of the Giant Bell flower, which does not grow higher than a foot, forming a dense-branched bush and bearing deep blue, bell-shaped flowers nearly three inches across for a long season in late summer and early autumn. One of the finest border plants offered, and a great improvement over the common form in its dwarf, compact nature.

\$1.25 per doz. ; \$10.00 per 100.

Musa Ensete.

(Abyssinian Banana.)

The leaves of this magnificent plant are long, broad and massive, of a beautiful green, with a broad crimson midrib ; the plant grows luxuriantly from 8 to 12 feet high, producing a tropical effect.

	Each.	Per doz.
4 inch pots, 15 to 18 inches high.....	\$ 35	4 50

MUSA ENSETE.

Cross-Fertilizing Petunias at our Nurseries at Riverton.—From a Photograph.

Dreer's Double Petunias.

Our strain of double Petunias is too well known to require special description. We are now offering fine, healthy, strong plants, from three inch pots which are in the most vigorous condition, free from rust and disease, and which will furnish a large number of cuttings in a short time. The set is composed of fifteen of the finest double fringed varieties of such colors as are especially suited for the retail trade. The set of 15 varieties for \$1.50; \$1.25 per dozen; \$8.00 per 100.

Pandanus Utilis.

We still have a fine stock of good young plants.
2½ inch pots, 75 cts. per doz.; \$6.00 per 100.
3 " " \$1.00 per doz.; \$8.00 per 100.

Pandanus Veitchii.

Good plants at 75 cts. to \$1.00 each.

PANDANUS UTILIS.

Platycodon Grandiflorum.

One of the very best perennial plants; in constant flower from early spring to late fall. Dense clumps, covered with a mass of bell-shaped flowers.

Strong clumps, 75 cts. per doz.; \$6.00 per 100.

NEW PERENNIAL PHLOX.

- Abundance.** Immense panicles of a rosy wine color suffused with violet, white eye.
- Abyssinia.** Clear violet with purple centre.
- Brilliant.** Large trusses of reddish orange.
- Capitaine Wilhelmy.** Ruby, blood red centre.
- Eclairer.** Carmine, with rosy white eye.
- Erickman Chatrain.** Violet, rosy purple edges.
- Embracement.** Coppery rose color, purple eye.
- E. Levavasseur.** The finest pure white variety.
- Gladiator.** Very large violet rose.
- Iris.** Bluish white violet, large bluish centre.
- Jourdan.** Violet rose, large white eye.
- Le Soleil.** Rose, very bright centre.
- Moliere.** Pale salmon rose edged with purple.
- Marquise de Breteuil.** Salmon rose, purple eye.
- Matador.** Orange overlaid with salmon, cerise eye.
- Neptune.** Salmon rose, shaded violet, very large.
- Ornement.** Rosy lake, large velvety purple centre.
- Pacha.** Large salmon rose shaded lilac.
- Puritan.** Soft rosy pink overlaid with salmon.
- Pluton.** Brilliant carmine.
- Renomee.** Clear violet with white eye.
- Sesostris.** Carmine shaded amaranth, very bright.
- Surprise.** Orange scarlet shading to violet on edge.
- Sylphide.** Panicles of very large pure white flowers.
- William Robinson.** Pale rosy salmon.

Strong young plants that will flower freely this season, ready March 1st.

\$1.25 per doz.; set of 25 varieties for \$2.50.

Hardy Herbaceous Phlox.

(General Collection.)

10 choice varieties in strong one year old plants, \$1.00 per doz.; \$6.00 per 100.

Two Grand Pelargoniums.

The two varieties of Pelargoniums, or Lady Washington Geraniums, listed below, are the finest that have ever come to our notice. The plants are of strong vigorous growth, and very free flowering, while the size and shape of the flowers are all that could be desired.

Madame Thibaut. White, richly blotched and marked with rose, the upper petals marked with crimson maroon with large white centre; the trusses and individual flowers are of immense size, while the petals are heavily ruffled, giving it a well defined double appearance.

Mrs. Robert Standiford. A sport of the above variety with which it is identical in every way, except in color, which is a pure glistening snow white; a grand acquisition.

20 cents each; \$2.00 per dozen.

"HER MAJESTY" PINK.

New Hardy Garden Pink. "HER MAJESTY."

This variety is a grand improvement on the popular variety known as "Snow" or "Mrs. Sinkins," to which it is superior in size of flower and freedom of bloom. The flowers which are of large size, similar to a Carnation, and of the purest white color and very fragrant, are borne on stout, erect stems, 12 inches long. It is perfectly hardy, and will winter in the open border without protection; or may be grown in cold frames for early forcing.

Strong 2½ inch pots, 60 cts. per doz.; \$4.00 per 100.

Very strong one year old clumps, \$1.00 per doz.; \$8.00 per 100.

SCOTCH PINKS.

Earl of Carlisle. White, laced crimson.

Juliette. White, laced crimson.

Laura Wilmer. White, purplish maroon centre.

Prince Arthur. Crimson centre, blush lacing.

Snow (Mrs. Sinkins). Large pure white, very fragrant.

Stanislaus. Violet rose with crimson centre. 2½ inch pots, 60 cents per doz.; \$4.00 per 100.

Rhododendrons.

The varieties we offer are all of the hardiest kinds, such as from experience are known to succeed in our climate. We offer three sizes, and all are set with buds.

First size, 18 to 24 inches high, 10 to 15 buds,
\$100.00 per 100.

Second size, 15 to 18 inches high, 8 to 12 buds,
\$75.00 per 100.

Third size, 15 inches high, 6 to 10 buds, \$60.00
per 100.

Rhynchospermum Jasminoides.

A beautiful greenhouse plant and a most valuable plant for planting against the pillars in a cool greenhouse, where it will grow luxuriantly, and produce its masses of waxy white Jasmine-like flowers in the greatest profusion, about Easter. They are most valuable in making up bouquets or cut flower designs, and the plants occupy but little valuable space.

Extra strong 5 in. pots, 50 cts. each; \$5.00 per doz.

Strobilanthes Dyerianus.

A new and attractive plant now offered for the first time, suitable for growing in pots for house decoration and for bedding out in the summer; it forms a compact bush 18 inches high with leaves 6 to 9 inches long and 3 to 4 inches wide, of the most intense metallic purple color, shading into light rose with a light green margin, a combination unapproached by any other plant. The flowers are of a violet blue and very pretty. It is said to make an excellent bedding plant, having been planted out at the gardens of the White House the past summer, where it attracted considerable notice.

2½ inch pots, 15 cents each; \$1.50 per dozen.

STROBILANTHES DYERIANUS.

Schubertia Grandiflora.

An exceedingly pretty climber, which succeeds admirably in the open ground during the summer months, producing the entire summer, until cut down by severe frost, clusters of large funnel-shaped fleshy-white flowers of delightful fragrance, not unlike *Stephanotis Floribunda* in appearance.

30 cents each ; \$3.00 per dozen.

Swainsonia Galegifolia Alba.

A most desirable ever-blooming plant, with pure white flowers, produced in sprays of from 12 to 20 flowers each, the individual blooms resembling a Sweet Pea.

It is of very easy culture, succeeding best in the temperature of a Carnation house, and will be found useful as a cut bloom for local or home trade ; while as a pot plant for selling either in the market in the spring, or for window and conservatory decoration in the winter, it is certain to become very popular.

We have a large stock and are in a position to offer it at a low price. 75 cts. per doz. ; \$6.00 per 100.

Tritoma Grandiflora.

(Flame Flower or Red-Hot Poker.)

A splendid summer and autumn flowering plant, with stately flower scapes and magnificent terminal dense spikes of rich orange-red tubular flowers, known from its glowing colors as the "Red-Hot Poker Plant ;" effective among shrubbery.

Extra strong..... Per doz. Per 100. \$1 50 \$12 00
Medium size. 1 25 10 00

Violet, Lady Hume Campbell.

This is undoubtedly the double violet of the future, being of strong vigorous healthy growth and very free flowering. We have no doubt that this variety will replace Marie Louise, especially in such sections of the country where that old favorite does not succeed well ; it is of the same size as Marie Louise, but a trifle lighter in color.

We will have a good stock of plants in 2½ inch pots ready early in March. 75 cents per dozen ; \$5.00 per 100 ; \$40.00 per 1000.

It will be noticed that the prices of many of the popular varieties of Ferns have been greatly reduced. We have dropped the dozen, and listed only at hundred rates; not less than five of any one variety will be supplied at these rates.

We have at all times in stock a fine lot of Ferns in 3-inch pots, suitable for Fern dishes; these can be supplied, according to variety, at \$6.00 to \$8.00 per 100, or \$50.00 to \$70.00 per 1000.

As the stock of Ferns in three inch pots changes very quickly during the winter season, purchasers should, as far as possible, leave selections to us, or when special varieties are mentioned we should be informed if substitution of other sorts is agreeable.

Scarce and Special Varieties of FERNS.

Alsophilla Australis.

A most useful tree fern that is always scarce, a variety that grows into specimen plants quickly, and that will succeed under all conditions as long as it is plentifully supplied with water.

We offer a fine stock of 2½ inch pots at \$1.00 per doz.; \$8.00 per 100.

Adiantum Farleyense.

A fine stock of this most beautiful of all the maiden-hair, in excellent condition for growing on. Strong 3 inch pots, \$3.50 per doz.; \$25.00 per 100.

Cibotium Glaucum.

Another very scarce tree fern that is rarely offered in quantity. Of a light-green color, the under side of the fronds being of a glaucous blue.

3 inch pots, 50 cts. each; \$5.00 per doz.

Cibotium Regale.

Another choice tree fern that is difficult to obtain, one of the very finest to grow on into specimen plants. 3 inch pots, 50 cts. each; \$5.00 per doz.

Doryopteris Nobilis.

We have succeeded in growing a very fine lot of this beautiful variegated fern which enables us to offer it at a much reduced price.

We have fine 2½ inch pots, \$1.50 per doz.; \$10.00 per 100.

Pteris Nobilis.

This variety, introduced some six years since, is always scarce in its true form, is one of the prettiest of the crested forms of Pteris Cretica.

We offer a limited stock of 2½ inch pots at \$1.50 per doz.

Pteris Cretica Mayii.

A beautiful dwarf-crested or tasseled form of Pteris Cretica Albo-lineata, showing the same variegation as that variety, but of much dwarfer habit.

2½ inch pots, \$1.00 per doz.; \$8.00 per 100.

Pteris Tremula Smithiana.

A new crested form of Pteris Tremula, possessing the same vigorous habit and free growth as the parent plant, but is much dwarfer.

2½ inch pots, \$1.50 per doz.; \$10.00 per 100.

Microlepia Hirta Cristata.

We have a large stock of this admirable fern, which enables us to offer it at a price which will make it profitable for the florist to lay in a stock of it and grow on into specimen plants. We know of no other Fern that will grow into profit so quickly. Small plants from three inch pots planted into ten or twelve inch seed pans, will make handsome specimens in less than six months that can be readily retailed at \$3.00 each.

Strong plants in 3 inch pots, \$1.50 per doz.; \$10.00 per 100.

PALMS.

The following is a select list of the most desirable varieties for florists' use. We are the largest growers of Palms in this country, and our stock of the leading varieties, such as *Areca Lutescens*, *Cocos Weddelliana*, *Kentia Belmoreana* and *Fosteriana*, *Latania Borbonica*, etc., is especially large and in prime condition.

KENTIA BELMOREANA.

Areca Lutescens.

	Inches high.	Per doz.	Per 100.
2½ inch pots	6 to 8	\$ 75	\$6 00
3 " "	12 to 15	1 50	12 00
4 " "	15 to 18	3 50	25 00
5 " " (3 plants in a pot)	15 to 18	6 00	50 00
8 " " 3 " "	30 to 36	30 00	

Specimen Plants of

Areca Lutescens.

12 inch pots, 6 to 8 feet high, single stems, fine plants for decorating, \$7.50 each.

12 inch pots, 6 to 7 feet high, single stems, with several good side branches, \$10.00 each.

12 inch pots, 6 feet high, bushy well-formed specimens of good value, \$12.50 each.

12 inch pots, 6 to 7 feet high, a grand lot of bushy specimens, perfect in every respect, \$15.00 each.

14 inch pots, 7 to 8 feet high, a fine lot of bushy plants, perfect in every way, \$20.00 each.

Cocos Weddelliana.

We offer an immense stock of this beautiful Palm, but only in small size. Parties using these for Ferneries and Jardinieres will do well to lay in a supply early and grow them on, as they are always scarce in the fall. With a stock of over 25,000 last July, we were sold out early in December of plants suitable for immediate delivery, and had to disappoint many of our customers.

We have now in stock 35,000 fine young plants in 2½ inch pots, about 6 inches high, \$1.25 per doz.; \$10.00 per 100; \$90.00 per 1000.

Kentia Belmoreana.

	Leaves.	Inches high.	Per doz.	Per 100.
2½ inch pots	3 to 4	6	\$1 50	\$12 00
3 " "	3 to 4	8 to 10	2 50	20 00

9 " "	(4 plants in a pot)	48	6 00 "	
12 " "	4 " "	60	10 00 "	

Livistonia Rotundifolia.

One of the prettiest Palms in cultivation, especially suited for table decoration. The foliage, which is similar to *Latania Borbonica*, but smaller, is gracefully recurved so as to form almost perfectly round plants; in fact it might be called a miniature *Latania*. 2½ inch pots, \$3.50 per doz.; 3 inch pots, showing character nicely, \$5.00 per doz.

Latania Borbonica.

2 inch pots, 3 leaves, good little plants for growing on, 75 cts. per doz.; \$5.00 per 100; \$40.00 per 1000.

3 inch pots, 4 to 5 leaves, fine stock, \$1.25 per doz.; \$8.00 per 100.

4 inch pots, a beautiful line of stock for growing on, showing character nicely, 12 to 15 inches high, \$3.00 per doz.; \$20.00 per 100,

6 inch pots, 15 to 18 inches high, 5 to 6 leaves, \$9.00 per doz.; \$75.00 per 100.

Phoenix.

	In. pots.	In. high.	Per doz.	Per 100.

New Ever-Blooming Roses for 1895.

ALBERTINE BORGUET. Large, almost full flowers, beautifully formed. Color yellow mauve with canary centre, sometimes shaded with light green. A constant bloomer and very fragrant.

20 cents each ; \$2.00 per dozen.

COMTESSE DUSY. Moderate and branching in growth, with large, full, pure white flowers of handsome, imbricated form. The beautiful buds are long and finely moulded. 20 cts. each ; \$2.00 per doz.

NEW ROSE, CORIENNE.

CORIENNE. A new English rose of great promise. It has been awarded the gold medal in London and several certificates of merit. The color is a beautiful flesh, shaded with rose and suffused with tawny copper. Flowers of large size, excellent shape and freely produced. 20 cents each ; \$2.00 per dozen.

GRAZIELLA. A strong growing variety, with very large, exceedingly full flowers, always opening well. Color cream white, tinted with pink ; brilliant satiny petals. This lovely sort has received several silver medals in France. 30 cents each ; \$3.00 per dozen.

MADAME CARNOT. A new French variety that will be useful because of its beautiful, long, pointed buds, which can be cut with very long stems. The flowers are white, shading to pale sulphur-yellow ; very large and nearly full. 20 cents each ; \$2.00 per dozen.

MADAME EDWARD HELFENBEIN. This lovely Rose is one of the best Continental varieties for 1895. It is of strong, vigorous growth, free-flowering habit, and unique in color. The buds are globular, with petals of good substance ; the full flower is double and the color is chamois-apricot-yellow, shaded with carmine rose, veined in varying depth. 20 cts. each ; \$2.00 per doz.

MADAME JOS. COMBET. A Hybrid Tea, of very strong growth. The flowers are produced singly on exceptionally long, thornless stems, and are large, full, and perfectly imbricated. Beautiful cream-white, tinted rose, with light yellow centre. This lovely sort received the silver medal in France. 30 cts. each ; \$3.00 per doz.

PERLE DE FEU. A perfect little gem. The flowers are of only medium size, but the buds are perfectly formed, and the color is so intense that its name, "The Fire Pearl," is a better description than any we can give. French Rosarians describe it as poppy-red, shaded vermilion and nankeen yellow, with chamois tints on the reflex of petals. 20 cents each ; \$2.00 per dozen.

YVONNE GRAVIER. Flowers of medium size, almost double. Color a beautiful cream, shading at the centre to canary yellow ; reverse of petals light rose. The combination of colors gives a delicate freshness to the flowers that is very attractive. 20 cents each ; \$2.00 per dozen.

GERMAINE TROCHON. A new climbing Hybrid Tea of very vigorous growth. The flowers are large and globular ; color, light salmon, with nankeen orange and yellow centres. A valuable climbing Rose for the South. 20 cents each ; \$2.00 per dozen.

LA NIEGE. A new Bengal or Daily Rose. We have only a few Roses of this class, and this lovely variety is a welcome addition. The flowers are pure white, medium in size, very double, and so freely produced that a bed of it will be in bloom the entire Summer. The form of the full flower is quite distinct ; the centre petals are formed like an Anemone, while the outer ones are reflexed. 20 cts each ; \$2.00 per doz.

HIPPOLYTE BARREAU. Distinguished among the crimson roses of the year for its striking shape and contour, which are as beautiful as they are unusual. In the buds, which are solid and beautifully moulded, the petals close upon each other in folds of deep carmine crimson, shaded with velvety maroon ; in the open flower they are regularly and elegantly reflexed almost to the centre. 20 cts. each ; \$2.00 per doz.

MRS. W. C. WHITNEY. A new American seedling of the Hybrid Tea race. The buds are large, long, full and pointed ; the flowers are full and delightfully sweet. Color a clear, deep, even pink. The plant is robust and free blooming. 20 cents each ; \$2.00 per dozen.

Field-Grown Own Root Roses.

A limited number of the following varieties can be furnished in field-grown stock suitable for potting up into four inch pots.

EXCELSIOR PEARL TUBEROSE.

FERTILIZERS.

DREER'S AMMONIATED BONE PHOSPHATE. A valuable fertilizer for the garden and farm, made from pure materials, and certain to give satisfactory results. Per sack of 200 lbs., \$3.00; per ton, \$27.00.

CLAY'S FERTILIZER. Highly recommended for all purposes in the vegetable, fruit and flower garden, specially adapted in rose forcing. In sacks as imported, $\frac{1}{2}$ cwt. \$2.00; $\frac{3}{4}$ cwt. \$3.50; 1 cwt. \$6.25.

CANADA UNLEACHED HARDWOOD ASHES. Per bbl. (about 250 lbs.), \$2.50; per ton, \$18.00.

CRUSHED BONE. Ground coarse for grape borders. 200 lb. bag, \$3.50; per ton, \$33.00.

PURE GROUND BONE. Excellent for restoring and quickening grass plots, gardens, etc. Apply 400 to 600 lbs. to the acre. Sack of 200 lbs. \$3.50; per ton, \$30.00.

PURE BONE MEAL. Ground expressly for our trade. Better than Ground Bone for mixing with potting soil, as it is much finer and in better condition for giving immediate effect. 200 lb. sack, \$3.50; per ton, \$30.00.

BONE FLOUR. Ground perfectly fine; an excellent fertilizer for pot plants or beds where an immediate effect is wanted. 100 lbs., \$2.50; bag or bbl., 200 lbs. \$5.00; per ton, \$40.00.

ODORLESS PHOSPHATE. This is a new chemical compound. The results are marvelous on grain and root crops, small fruits, Lawn and Vegetable Garden. Price per bag of 200 lbs., \$2.50; per ton, \$20.00.

NITRATE OF SODA. A fertilizer for all crops, and the only means by which the largest per cent. of Nitrogen can be applied to soils. Will be shipped only in double bags. 50 lbs., \$2.00; 100 lbs., \$3.50; 200 lbs., \$6.50.

PULVERIZED SHEEP MANURE. Excellent for mixing with potting soil. 100 lb. sack, \$2.00; ton, \$30.00.

LOBOS GUANO. Ten per cent. ammonia. Per bag, (about 167 lbs.) \$6.00; per ton, \$65.00.

INSECTICIDES.

TOBACCO DUST. A sure remedy for green fly. Per lb., 5 cts.; per 100 lbs., \$2.50.

TOBACCO STEMS. For fumigating. In bales of about 250 lbs., \$1.50; per bbl., 75 cts.

FLOWERS OF SULPHUR. A preventive and cure for mildew. Per lb., 6 cents; 10 lbs. 50 cts.; per 100 lbs., \$4.00.

FIR TREE OIL. Per pint, 65 cts.; per quart, \$1.00; per $\frac{1}{2}$ gallon, \$2.00; per gallon, \$3.50.

HELLEBORE. Thoroughly effective. Per lb., 25 cts.

GRAPE DUST. Preparation for destroying mildew, mold or rust mites, either in greenhouses or the open air. 5 lbs., 30 cts.

GISHURST COMPOUND. For destroying green fly, mildew, thrip, mealy bug and scale. Per lb. box, 40 cts.; 3 lb. box, 90 cts.

TOBACCO SOAP, PINNER'S. For destroying all insects on plants and animals. Per lb., 30 cts.

PERSIAN INSECT POWDER. For destroying roaches, ants and fleas. Per lb., 30 cts.

PURE PARIS GREEN. 30 cts. per lb.

WHALE OIL SOAP. Bulk. Cans, 1, 2 and 5 lbs., 15, 30 and 60 cts.; per lb., 10 cts.; per 100 lbs., \$7.00.

SLUG SHOT. A safe insecticide to use, and combines utility with cheapness. Per 10 lb. pkg., 50 cts.; 100 lbs., \$3.50; in bulk, full barrel of 235 lbs., 3 cts. per lb.

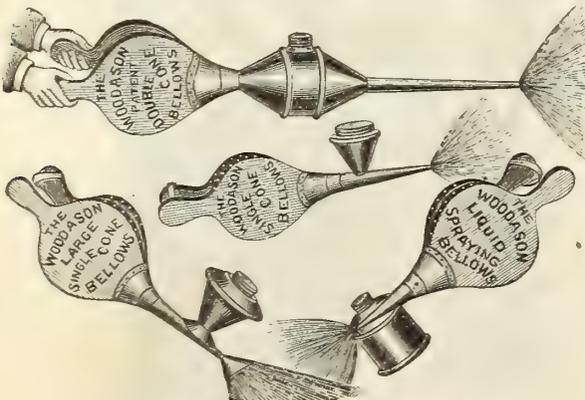

LITTLE'S ANTIPEST. This preparation is a sure destroyer of the Scale, Woolly Aphis and insect pests of any and all descriptions. Price, $\frac{1}{2}$ -gallon can, \$1.50; 1-gallon can, \$2.50; 5-gallon can, \$10.00.

FOSTITE. The great mildew remedy. 5 lbs., 50 cts.; 25 lbs., \$2.00; 50 lbs., \$3.50; 100 lbs., \$6.50.

POWELL'S IMPROVED BORDEAUX MIXTURE. An elegant remedy for Mildew and Carnation rust. Full directions for mixing with each package. 5 lb. packages, 40 cts.; 50 lb. boxes, per lb. 6 cts.

ROSE LEAF EXTRACT OF TOBACCO. This extract is very strong and specially prepared for evaporating, it is sure death to insects. If house is heated by hot water the extract can be put on pipes, if heated by steam use one of the evaporators which goes with each 5 gallon can. Put up only in 5 gallon cans; \$1.50 per gallon. Evaporators free with each can. Send for circular.

POWDER AND SPRAYING BELLOWS.

Double Cone, \$2.75. Single Cone, large, \$1.75, small, 85 cts. Spraying, \$1.75.

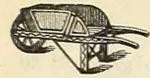

The Kinney Pump.

Every florist, market gardener, owner of lawn, grass-plot or flower-bed, in fact everyone who has a faucet and hose should

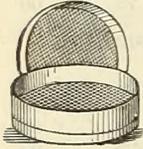

have the Kinney Pump (patent applied for) for applying liquid manure, fungicides and insecticides to plants. Feed your plants, fertilize your lawns by using liquid manure. The cheapest, simplest and most scientific spraying pump in use. Sent prepaid for \$2.50; spraying valve attachment 50 cts. Pump complete, \$3.00. Send for circular.
